to stem the flame with the small hoses  
...  
The buildings, including the slaugh-  
ter-house, smoker, cooler, corrals,  
stables, etc., covered several acres and  
the following live stock and livid  
heavens drew immense throngs to the  
scene.  
The liberated animals rushed mad-  
ly about, adding terror to the scene.  
Fred Montgomery, in trying to res-  
cue some animals, was severely in-  
jured, but will recover.  
The Los Angeles Packing Company  
is part of the Swift Company of Chi-  
cago, of which L. L. Swift is presi-  
dent.  
A. M. Patterson of this city is vice-  
president and general manager; W. P.  
Tanner, secretary, and Hugh Jack-  
son, superintendent. Mr. Jackson, just  
took charge Monday, succeeding A. M.  
Bergh.  
Mr. Patterson arrived on the scene  
late and was distraught at the havoc  
wrought. Jackson was equally un-  
strung, and neither was able to talk  
coherently.  
The plant was erected about six  
years ago and was lightly insured.  
Last year there was a small fire there,  
but the tiny hoses were able to cope  
with the situation.  
Last night the plant, besides the  
live stock, contained something like  
250,000 pounds of newly dressed beef  
in the cooler and several tons of hides,  
all of which was totally destroyed.  
Some live stock was saved.  
**HOBBS AT BAR HARBOR.**  
Jewels of Great Value Are Report-  
ed to Have Been Taken from Col-  
lege of John R. McLean.  
(By Federal Wire) Line to The Times.  
**BAR HARBOR, Aug. 20.**—(Special  
Dispatch.) Alarm over recent rob-  
beries in the cottage colony was more  
than doubled last night when bur-  
glars looted the homes of Mrs. Morris  
C. Jones, widow of the New York  
financier, and of John R. McLean,  
the Cincinnati publisher. Moreover,  
within a few hours two men were  
found prowling around the Edward  
R. McLean cottage where it is un-  
derstood the Hope diamond is kept,  
and fled when fired upon by the  
watchman.  
Although the John R. McLean  
household is mute as to the robbery,  
it is reported that jewels of great value  
were taken.  
**Flames and Smoke**  
**How in the Morning**

**Types of the Human Butcher in Mexico Become Wild.**  
Zapatistas and Mexican Bandits  
As they appeared before the lens of the camera at a time when they had not yet made up their minds to slaughter  
the women and children of all nationalities in their mad desire to compel some foreign country to intervene in the  
affairs of Mexico. The picture of the single man with a gun in his hand is said to be a typical view of the  
Zapata gunman who when he spares a life at all spares a young woman whom he professes to marry through  
the connivance of culprits disguised as priests.

## ZAPATISTAS, EMBOLDENED, THREATEN MEXICO CITY.

### Invade the Federal District and Leave a Trail of Blood Wherever They go.

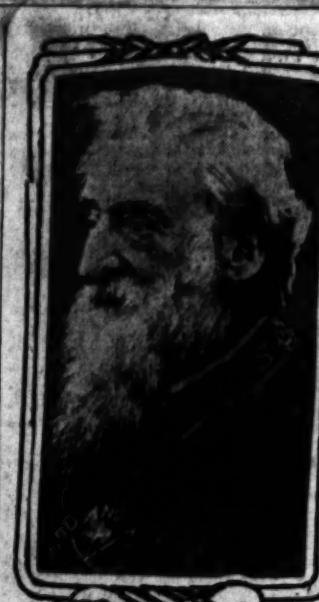

**Absence of the Patriotic Impulse Enables Criminal  
Bandits With Savage Instincts Incarnadined to Carry  
on Their High Carnival of Massacre and Rapina Un-  
molested by the Law—Astounding Revelations.**

**BY FITZGERALD SLOCUM.**  
(SPECIAL CORRESPONDENCE OF THE TIMES.)  
**T**IMES BUREAU, NO. 77 DE LA SA. CALLE DEL FACTOR, MEXICO  
CITY, Aug. 14.—The Zapatistas, operating against the government in  
the South, have become emboldened until the rebel forces have at last  
invaded the State of Mexico itself, despite the efforts of the authorities  
to hold them back.  
With the publication of the harrowing details of the assault on a train  
near Toluca, in which three newspaper men were murdered because of  
their profession, the capital once more was thrown into a state of intense  
excitement and fear by the reports received tonight that more than 4000  
well-mounted and equipped rebels had entered the State of Mexico.  
**WITHOUT OPPOSITION.**  
Almost without opposition on the part of the loyal troops, the bandits  
succeeded in taking the Pueblo de Alta, with the usual sacrifice of life  
and property. Almost at the same hour another band of criminals, threat-  
ening for blood, took the city of Teneancingo and put to death all those who  
dared to resist the encroachments of the savage enemies.  
In the meantime the hosts acting under the orders of Zapata are planning  
to march on the City of Mexico, and thousands of well-informed Mexicans  
now believe nothing can prevent the success of the rebel movement unless  
some powerful force intervenes to save the city from rapine and death.  
All the metropolitan papers contain columns of details showing that  
the rebellious troops in the South are not animated by humanitarian im-  
pulses, but have reverted to the savagery of their ancestors. It is no  
longer a question of saving the millions of dollars worth of properties owned  
by Americans and Mexicans in all parts of the republic. The conflict has  
narrowed between the forces of society and anarchy.  
**MADERO HELPLESS.**  
Bitter indeed are the better Mexicans that the present government  
is absolutely without soldiers sufficient to check the advance of the blood-  
mad savages. This is due in a great measure to the lack of real patriotism  
among the masses.  
Although the capital may be menaced by the Zapatistas, as far as  
known there have been no offers on the part of the citizens themselves  
to volunteer as defenders of their city and country, and the matter of fight-  
ing is left entirely with the poorly equipped forces of the government.  
News has just been received that the important city of Toluca is being  
threatened by the rebels, and it is expected that within twenty-four hours  
this great commercial center will fall under the red banner of anarchy.  
Strangers have long ago declared that the average Mexican has no  
real love for country, especially since he may be called upon to give up  
his life in defense of it. For this reason the opinion prevails that unless  
a genius on horseback appears to throw back the forces of anarchy, the  
time is not far distant when the civilized powers of the earth will be called  
upon to take a hand.  
No fewer than eighteen towns and small cities have been depopulated  
in the last twenty-four hours as the result of the triumphant march of  
Zapata and his army of bandits. Industries of all kinds are at a standstill  
and the helpless people, hungering, are being compelled to join the revolu-  
tionists to obtain bread.  
El Imperial, one of the most influential papers in the country, says  
editorially that "the solemn hour has arrived when elbow to elbow, we  
must unite our energies in the forward march against the dangers that  
now threaten to destroy us. We must prevent that civilization shall perish in  
this country and we must leave our personal quarrels and lamentations  
behind in order to save our nationality."  
**WORSE THAN INDIANS.**  
Denouncing the rebels as more ferocious than the American Indians,  
this newspaper in a front page editorial calls upon the better classes to  
rally to the support of the government.  
The seeds planted by socialistic agitators have already borne the  
harvest of death and rapine, and the entire country appears paralyzed.  
There may or may not be intervention on the part of a foreign power,  
but the fact remains that eleven-fourteenths of the population of Mexico  
must be civilized before the country can hope for peace. Those who  
formerly denounced the great and only Diaz as a military dictator are now  
singing his eulogy from the street corners and are ready to worship him  
if he will only return.  
**IN GOOD FAITH.**  
The government of President Madero is acting in good faith, but the  
heroic leader lacks the co-operation of his people.  
While the entire country was awaiting the result of a conference  
between alleged representatives of the government and Zapata, chief of the  
rebel forces in the South, word was received today that the latter had  
refused to treat with the peace commissioners and that all negotiations  
were at an end.  
A few hours later Creyve Sarrazin, a Frenchman, alleging to hold a  
commission from Madero as a peace advocate, was placed under arrest  
at Joluita, charged with having used the Presidential name without authority.  
The prisoner was brought to the capital and will be held under the accusa-  
tion that he attempted to deceive the government regarding his ability to  
effect peace.  
Believing with others that Zapata was ready and willing to surrender,  
about twenty representatives of the press, including The Times correspondent,  
went to Cuautla with the intention of being present when the rebel leader of  
the South handed over his sword. According to Sarrazin, everything had  
been arranged and it was only necessary to hold a conference with Zapata  
in order to end the war.  
Although there is good reason to believe Zapata at first agreed to be  
present at the conference, upon the arrival of the so-called peace commis-  
sioners and members of the press, the rebel leader sent word he was unable  
to keep any engagement, "owing to duties connected with the service."  
As it was generally understood that Sarrazin held some kind of a com-  
mission to treat for peace in the name of the government, the public was  
astounded when it was announced the French commissioner had been placed  
under arrest.  
**TO REACH ZAPATA.**  
With the downfall of the peace negotiations, a number of correspondents  
attempted to reach Zapata, who was known to be camping at that time at  
the base of "El Jilguero" mountains, a few leagues distant from Joluita. All  
the correspondents were received with extreme consideration by the rebel  
emissaries, but the fact was made plain that none could be allowed to reach  
the commander in person.  
More than 5000 rebels, mounted and equipped, were suddenly ordered  
into line, in order that the correspondents might understand Zapata was at  
the head of a well-disciplined army.  
**MORELOS IN RUINS.**  
The State of Morelos, where Zapata holds absolute power, was found  
(Continued on Second Page.)

## "GEN." BOOTH PASSES AWAY.

**HEAD OF THE SALVATION ARMY  
DIES IN LONDON.**

Operation Some Weeks Ago for  
Removal of a Cataract Results in  
the Demise of a Man Whose Name  
Is Known in All Lands Where the  
English Language Has Penetrated.  
(BY CABLE AND A. P. TO THE TIMES.)  
**LONDON, Aug. 20.**—"Gen." Wil-  
liam Booth, commander-in-chief of  
the Salvation Army, died at 10:30  
o'clock tonight. He was born at Not-  
tingham in 1829.  
The veteran Salvation Army leader  
was unconscious for forty-eight hours  
before his death. The medical bulle-  
tin had not revealed the seriousness  
of the "general's" condition, which for  
a week, it is now admitted, was hope-  
less.  
Twelve weeks ago "Gen." Booth  
underwent an operation for the re-  
moval of a cataract in his left eye.  
For two days after the operation in-  
dications gave hope of recovery. Then  
poisoning set in, and from that time,  
with the exception of occasional rally-  
ies, the patient steadily declined. The  
"general" recognized that the end was  
near and often spoke of his work  
as being finished.  
Throughout the commander-in-  
chief's illness, his son, Bramwell  
Booth, chief of staff of the army, and  
Mrs. Bramwell Booth gave their unre-  
mitting attention to him.  
The aged evangelist died in his resi-  
dence, the Rockstone, Hadleywood,  
eight miles from London, where he  
had been confined to his bed since the  
operation.  
**AT THE BEDSIDE.**  
Present at the bedside when the end  
came were Mr. and Mrs. Bramwell  
Booth and their daughter and son.  
"Aunt" Catherine Booth and "Bert,"  
Bernard Booth, the "general's" young-  
est daughter, Commissioner Mrs.  
Booth-Helbert, and Commissioner  
Howard, "Col." Kitching and Dr.  
Wardlaw Milne.  
**SUCCESSOR.**  
Public interest now centers in the  
question of a successor to the late  
commander. Under the constitution  
of the Salvation Army, the "general"  
nominates his successor. This "Gen."  
Booth did several years ago, placing  
the name in a sealed envelope, which  
was deposited with the Salvation  
Army's lawyers with instructions that  
it should not be opened until after  
his death.  
Though nobody knows what name  
the envelope contains, the general be-  
lieved in the army that it will prove  
to be Bramwell Booth, who for thirty  
years has been his chief of staff.  
When "Gen." Booth will be buried  
has not been decided. While every  
English member of the Salvation Army  
is convinced no man was more worthy  
of interest in Westminster Abbey, it  
is not expected this honor will be  
awarded to "Gen." Booth by the ab-  
bey authorities. It is the general be-  
lieved that the commander-in-chief's  
last resting place will be alongside  
that of his wife, who twenty-one years

"Gen." William Booth.

## FEDERALS IN JUAREZ.

**REBELS ABANDON THEIR CAM-  
PAIGN ON THE BOUNDARY.**

Insurrectos Make for Pacific Coast.  
United States Government Sends  
a Warship to the Waters Where  
Orosco Hopes to Obtain Millions  
of War from Foreign Powers.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
**JUAREZ (Mex.) Aug. 20.**—Mexi-  
can Federal numbering 1500, under  
command of Gen. Joaquin Casas, ar-  
rived here tonight and occupied this  
city, which recently was evacuated by  
the rebels. The townspeople as-  
sembled in a drizzling rain, crying  
"Viva Madero," and "Death to Oro-  
sco."  
The Federal troops arrived on three  
trains, bearing cavalry and artillery.  
The forces under Gen. Rabago did  
not arrive, having pursued an over-  
land course. From Casas Grande  
small bands of rebels roaming around  
Juarez offered no resistance. Gen.  
Rabago, with the majority of the  
cavalry is campaigning southeast of  
the Casas Grandes district in an at-  
tempt to drive all rebels from that  
vicinity. He leads about 1000 men.  
Forces arriving at Juarez are com-  
posed of three battalions of infantry  
in the State of Sinaloa, or Lower Cali-  
fornia, it is believed, soon will become  
the stamping grounds of the Orosco  
revolutionists.  
The rebel commander has given up  
attempts to organize a revolution on  
the United States border because of  
the difficulties of smuggling ammu-  
nition. This, the rebels aver, is due  
to the activity of the United States  
troops, a condition, they assert, which  
was not necessary to meet in the  
Madero revolution. With a seaport  
Gen. Orosco will attempt to get mun-  
itions of war by boat. Indications that  
the United States government antici-  
pates this move is found in the sending  
of the gunboat Denver along the west  
coast.  
A force of between 1000 and 1500  
rebels has appeared within a few miles  
of Culiacan, Sinaloa, defended by a  
small Federal garrison. Six hundred  
Federal cavalry and 400 infantry are  
reported to be moving overland from  
Guadalupe, Sinaloa, but their pro-  
gress over mountain passes will be  
slow.  
The location of Orosco himself re-  
mains as much a mystery as ever,  
mainly as much a mystery as ever,  
with meagre reports reaching the bor-  
der and practically no telegraphic  
communication with the interior. It  
is believed he has succeeded in break-  
ing through the Federal lines, as he  
moves much more rapidly than the  
Federals, who are hampered by ar-  
tillery and infantry.

## TEN DOLLARS A PLATE.

Eight Men and As Many Women  
Discuss High Cost of Living in Sher-  
ry's Chop House.

**NEW YORK BUREAU OF THE  
TIMES, Aug. 20.**—(Exclusive Dis-  
patch.) Eight men and eight women  
assembled for luncheon in Sher-  
ry's today, and while they disposed of deli-  
cacies for which a check for \$160 was  
rendered, they solemnly affirmed and  
remarked to one another the "high  
cost of living is becoming dreadful;  
we must do something to check the  
advance in food prices."  
The luncheon set Mrs. Elmer Black

and creamery butter trust a sharp  
slap on the wrist.  
**FIGHT FOR KANSAS.**  
Federal Judge Issues Temporary  
Order to Prevent Conviction of  
Bull Moose Electors.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
**TOPEKA (Kan.) Aug. 20.**—A tem-  
porary order restraining the State Can-  
vassing Board from certifying to the  
Secretary of State the names of the  
eight Roosevelt electors nominated at  
the recent Kansas Republican primary  
was filed late tonight with the clerk  
of the Federal District Court here. The  
order was granted by Judge Smith  
McPherson at Red Oak, Ia.

### SANTA CRUZ LOSES APPEAL.

Title to Tide Lands in Dispute at Present in Southern Pacific But Later Reverts to State.

SAN FRANCISCO, Aug. 20.—

Santa Cruz has lost its suit against the Southern Pacific to quiet title to a strip of tide land, the State Supreme Court today reversing the judgment of the Superior Court, which had decided in favor of the seaside city.

The Southern Pacific obtained title to the property under a fifty-year franchise granted to the former Santa Cruz and Folsom Railroad in 1876. The latter road was acquired by the Southern Pacific in 1887, and with it the franchise. In 1909 the Southern Pacific proposed filling in under the railroad wharf, using rock and sand for strengthening purposes. The residents of Santa Cruz objected to this, finally claiming title to the strip in question, on the ground that it had been acquired under an old government land grant.

The State Supreme Court upheld the Southern Pacific's title and declared it shall remain in undisputed possession during the life of the franchise, which expires, the decision said, the title to the strip shall be vested in the State, which, the court said, was the rightful owner.

Reveries.

LOSES LIFE FOR HIS BRIDE.

TULARE MAN DIES WHEN TRAIN STRIKES AUTOMOBILE.

A Moment Before Car Is Reduced to Splinters by Southern Pacific Locomotive, Perry Phillips Marries Out His Wife and Then Meets Death.

STOCKTON, Aug. 20.—Perry Phillips of Tulare, a bridegroom of two months, was killed this afternoon at Weston on the Southern Pacific line, when a train struck an automobile in which he, his bride and four friends were riding. Louis Hedson of Ripon was driving the car in which the party were sight-seeing. Weston is a noted winery station and the party had turned from the road to visit the plant. Phillips, who was seated in the rear seat with his wife on his lap was first to notice the approaching train. He instantly hurried her from the car, at the same time giving the alarm. Five other occupants quickly leaped from the automobile. Phillips was delayed by saving his wife and was struck just as he was about to leap for his life. J. S. Hedson, of Ripon, one of the occupants, in leaping fell under the machine, but escaped with a few bruises. None of the other was hurt. The machine was reduced to splinters.

Sans Raproach.

READY TO SHAKE RVICE IN PORTLAND.

OREGON'S EXECUTIVE SEEKS NEW CONQUESTS.

Clean-up of Smaller Towns Has Whetted His Desire to Make Metropolitan Good and It Is Believed He Will Use National Guard if Necessary.

SALEM (Or.) Aug. 20.—[Exclusive Dispatch.] To root vice from its haunts in Redmond and Huntington has been the preliminary to the real fight Gov. West is preparing in his law enforcement campaign. He is now ready to tackle the biggest job in the State. The next town on his list is the city of Portland. Last night the City Council of Redmond resigned the Governor that the resignations of Mayor Jones and City Marshal McClay had been accepted, and new officials would be appointed. Justice of the Peace Woods at Huntington has resigned immediately, so the decree is cleared for new action.

TACKLES BIG JOB.

When asked today where he would strike next the Governor said: "I'm going to clean up Portland next." He said he did not refer merely to road houses but to the city itself. He said he did not care to discuss his plans except to say he was prepared to shake the metropolis to its foundations unless the laws were enforced there. It is to be presumed that his line of procedure will not vary greatly from his attacks on smaller places. This being true, the matter of law enforcement will undoubtedly be put up to Mayor Rushlight and Chief of Police Glover, as well as to Sheriff Stevens and the county officials. In his campaign the Governor also never overlooks the District Attorney's office. If these officials do not respond to his demands it is not at all unlikely that the Governor will demand their resignations under threat of putting the city under martial law. It is believed he has been gathering evidence on Portland for some time as he has made it a practice to be well prepared for every showdown that might arise before opening fire.

Killed by a Train.

SAN JOSE, Aug. 20.—[By A. P. Night Wire.] An unknown man, between 40 and 50, was run over near Gilroy last night by a Southern Pacific train and killed.

Life Causes Death.

SAN JOSE, Aug. 20.—[By A. P. Night Wire.] C. C. Bondurant, a line-man for the Coast Counties Gas and Electric Company, was killed today by contact with a live wire.

Money-Making Fun.

Will result from participating in The Times Bookmakers' Contest.

Pleasure and Profit can be had by joining The Times Bookmakers' Contest.

### CONVICT GETS A NEW CHANCE.

Police Judge Moved to Mercy by Pathetic Plea.

Habitual Lawbreaker Tells Hard-luck Story.

Hospital and Promise of Job for "Down and Out."

[By A. P. Night Wire to The Times.]

SAN FRANCISCO, Aug. 20.—Police Judge Jeremiah Deary, moved by the plea of Frank Miller, former convict, cancelled today the charge that stood against the prisoner and ordered him sent to a local hospital, where the proper care can be given him.

Miller had been out of prison only ten days when a policeman caught him in the act of stealing a bottle of milk from a doorstep. At the central headquarters he was recognized as a former inmate of the penitentiary. This fact was made known today to the judge. Miller was asked if it was true.

PATHETIC PLEA.

"Why, of course, it's true, Your Honor," said Miller. "Look at me, a poor broken down 'cove.' I've been in jail ever since I can remember and this time I tried to turn square, but the stamp of that place over there is all over me. I'm guilty of this charge. I stole the milk. I was cold and hungry and I'm not lying to you. I spent the five dollars they gave me when I left the 'big stir.' I looked for work and I couldn't get any. Everybody I talked to could tell I was a 'cove.' I'm sick now, Judge, and you can do what ever you like with me. I'm about all in."

Miller's remarks resulted in offers of aid by several attorneys and others. Under the judge's order he will be kept in the hospital until he is strong and then a position will be found for him.

ENJOINS HER HUSBAND.

San Francisco With Property in Los Angeles Prevented by Court From Disposing of It.

[By DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 20.—[Exclusive Dispatch.] Clyde L. Brooks, a member of Morgan & Allen, manufacturers' agents, in the Jewellers Building, must pay \$125 a month to his wife, Clara, until the court hears her complaint for divorce.

Brooks was before Judge Graham today to show why he should not pay his wife and children maintenance money. Testimony showed he had expressed a willingness to contribute \$35 a month toward his children's welfare.

Brooks testified he had declared she would never get a cent and she could shift for herself. She testified she said rather than pay alimony he would sell his interests in San Francisco and go to South Africa.

Mrs. Brooks got an order forbidding him to sell any part of his property, consisting of twenty shares in Morgan & Allen, a \$7000 house in Los Angeles and property in San Mateo.

The couple have two girls, aged 14 and 16 years.

STOCKTON MEN ALERT.

WILL SEE MAJ. CHENEY.

[By DIRECT WIRE TO THE TIMES.]

STOCKTON, Aug. 20.—[Exclusive Dispatch.] About forty business men will go to San Francisco tomorrow to appear before Maj. Cheney of the War Department, to oppose granting permission to the Oakland, Antioch and Eastern Railroad to bridge Suisun Bay at Chipps Island. The Stockton Chamber of Commerce recently opposed the efforts of the railroad to bridge the bay and were successful in forcing the company to modify its plans. The new plans, however, are not satisfactory and would put at an end forever all hope of "fifteen feet from Stockton to the sea" and would preclude the possibility of sea-going vessels ever entering the local harbor.

\$500.00 Piano.

The second prize in The Times Bookmakers' Contest is an \$500 piano, with a player attachment. This is a beautiful instrument and would be an ornament in any home. If you cannot play the piano yourself, the player attachment will furnish you the latest and best music.

Follow the Crowd.

Devote your spare time to solving the future problems of The Times Bookmakers' Contest and win a valuable prize.

Moulin Rouge in Ashes.

SAN FRANCISCO, Aug. 20.—[By A. P. Night Wire.] The Red Mill, an old road house, was destroyed by fire early today, and in the ashes was found the body of A. Newbert, the caretaker.

## Anniversaries

Birthdays are to be remembered, also Wedding Anniversaries, and the important ones, especially the silver and gold, where something more than trinkets must be employed as remembrances.

The go. 1 pieces and those splendid pieces of silver offer many a hint as to what is fit and proper for such interesting occasions.

A set of Gold After-Dinner Coffee Spoons, or a pair of Candlesticks, are royal remembrances, and a Black Coffee Set, Toddy Set, or Hot Milk Jug, are excellent gift things.

The more practical accessories for the serving table, too—Gold-backed Comb, Silver Jar, Full Box—these in cut glass with solid gold tops; Handcuff Sets of Gold; Copper Baskets, Clothes Brushes. Any of these are suitable for Golden Wedding, or for the Anniversary not so far away. Nearly all the gift pieces shown here are exclusive.

### THE CRUEL WAR IS OVER NOW.

JOHNNY COMES MARCHING HOME TODAY.

San Francisco Safe, Last Battle a Draw—Blue Position So Impregnable that Army Six Times as Numerous as Reds Could Not Have Stormed It.

[By A. P. Night Wire to The Times.]

SAN FRANCISCO, Aug. 20.—The war is over. From early morning until 2 o'clock this afternoon, the Red army of invasion and the Blue army of defense engaged in battle on the fields of Coyote, about seventy-five miles south of this city in the Santa Clara Valley. The chief umpire blew his whistle at 2 o'clock, declared it a drawn battle, and the war was officially at an end.

IMPORTANT PROBLEM.

The maneuvers which were under the direction of Brig.-Gen. Walter S. Schuyler, U.S.A., were arranged to show the problem of whether a foreign foe landing on the shores of Monterey Bay could march northward and capture San Francisco.

The forces that comprised the army of invasion, known as the Reds, under the command of Brig.-Gen. Robert Wankowski of the National Guard of California, were composed of guardsmen of this State and Utah.

The Blue army of defense was commanded by Col. W. H. C. Bowen, U.S.A., had been ordered to delay their task, harassing the Reds until the day preceding the battle, and joined the main army last night.

BLUES HELD STRONG POSITION.

Army experts with both forces said after the battle that the Blue army had occupied such a strong strategic position that an army six times as large as that of the Reds could not have broken through the lines and marched on San Francisco. Such an attempt would have resulted in wiping out the Red army.

The Blue army was under the command of Col. Cornelius Gardner, Sixteenth Infantry, U.S.A. The chief umpire of the maneuvers was Lieut.-Col. Charles H. Barth, Twelfth Infantry, U.S.A.

The Utah National Guardsmen entrained tonight and left for their homes. The California guardsmen will entrain tomorrow and the regulars will march to their home posts.

## TO SIGN PANAMA BILL WITH FREE TOLL CLAUSE.

President Will Probably Not Obtain From Congress Before It Adjourns Saturday All He Wants to Remove the Question of Treaty Repudiation From the Equation of the Great Water Way.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 20.—[Exclusive Dispatch.] President Taft will not obtain from Congress the supplementary legislation he desires to remove all question of treaty repudiation from the Panama Canal bill. This was made clear this afternoon when the Senate Committee on Inter-oceanic Canals refused to act on the resolution which the President suggested in his message of yesterday. The House Committee is not likely to act at all, and it will be left for the Executive to pass on the bill exactly in the shape it went to him a few days ago.

**WILL SIGN THE BILL.**  
That the President will sign the bill is the opinion still, strengthened by the word passed today from close friends of the administration. Comment on the situation, additional to that made since the two Houses of Congress acted and in connection with the President's message of yesterday, is superfluous. Many astute politicians, as well as statesmen who fear the consequences of the act in the form in which the bill was passed, think the President would have acted with greater wisdom had he vetoed the measure and then set forth the desirability of the supplementary legislation which he has recommended. Or, if he had no intention of vetoing the measure, they contend it would have been better had he signed it without placing himself in the awkward position of protesting in advance.

**FLY IN THE OINTMENT.**  
The canal matter seems to be the only fly in the ointment so far as the President's struggle with Congress in the closing days of the session is concerned. He will win his fight on the legislative, executive and judicial appropriation bill. That measure is again in his hands with the seven-year tenure clause removed, but with the Commerce Court elimination provision remaining. It will be returned with another veto tomorrow. The House probably will pass it over the veto, but the Senate will not and then a new bill will be forthcoming to the President's liking. There is nothing else in sight to add to the complications and it looks as if Congress ought to close up shop for the season by Saturday night.

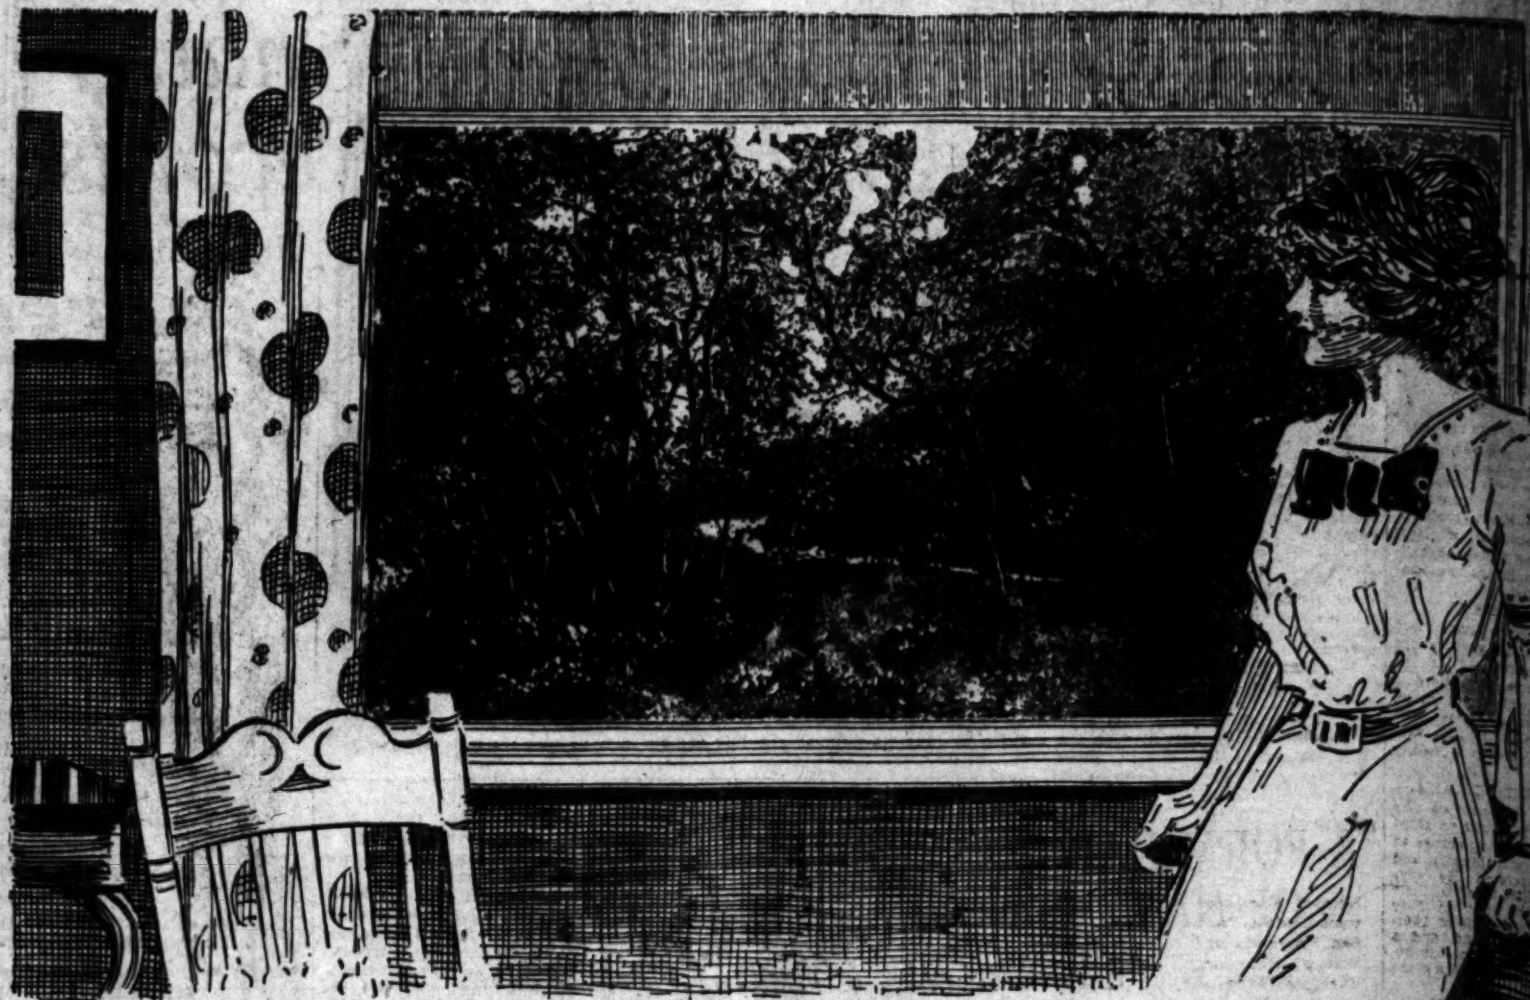

**BRITISH DO NOT GRASP.**  
Slight Verbal Change in Panama Bill Would Straighten Out Tangle Declares Steamship Magnate.  
[By Federal Wireline Line to the Times.]  
NEW YORK BUREAU OF THE TIMES, Aug. 20.—[Special Dispatch.] That the hostility of the English people to the Panama Canal bill is due to a large extent to a misunderstanding of the terms and purpose of that bill, was the statement made today by H. S. Bates, senior member of the firm of Bates and Chesbrough, owners of the California and Atlantic Steamship Company, who has returned from London. While abroad, he talked with a number of shipping men on clauses of the bill which are said to discriminate strongly against all vessels entering the new canal flying other than the American flag.

And, entirely from the violation of the Hay-Pauncefote treaty, Englishmen are agitated over the matter, said Bates, because they contend that Congress has set out deliberately to make it impossible for Canadian steamships—especially those of the Canadian company, to compete successfully with vessels owing to the United States. The wording of the bill, said he, is responsible for the impression that the discrimination was directed against Canada, and notwithstanding the assurance that have been given that Canada was not particularly in mind when the bill was drawn, there has persisted the mistaken belief that the suppression of Canadian commerce to the benefit of American owners was intended. Bates declared that a simple remedy for the present dissatisfaction was in the hands of the legislators. To insert in the Panama bill a clause designating the words, "any railroad owning steamships" instead of confining the bill to "those under jurisdiction of the United States Interstate Commerce Commission," would, he felt, simplify matters, and end at least part of the storm of complaints that has settled down on Washington.

The insertion of such a clause as this, would make it possible for Canadian-owned vessels to carry a cargo from Vancouver to New York on even terms with American vessels and it would place the Canadian Pacific on even terms with American railroads in whatever legislation is effected either for or against that company.

**ISSUE—PANAMA CANAL.**  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
WASHINGTON, Aug. 20.—President Taft held a brief conference today with A. Mitchell Innes, charge of the British Embassy, who recently presented his government's protest against certain features of the pending Panama Canal bill. Mr. Innes said that he had not lodged any further protest against the bill and had not heard the views of his foreign office on the joint resolution suggested by President Taft to permit foreign nations to test the free tolls clause in the United States courts. Visitors who talked with President Taft today were inclined to believe that he would sign the Panama bill.

**SKIRMISH IN SONORA.**  
Federals Resist With Vigor Demand of Rebels That Alamos Surrender and Receive Reinforcements.  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
TUCSON (ARIZ.), Aug. 20.—A fight between small bands of rebels and Federals was in progress at Porto Zuello, a few miles from Alamos, Sonora, late this afternoon as the result, it was reported here, of a demand by the rebels for the surrender of Alamos. The Federals were said to have received reinforcements from Navojua. Believing the border town, Nogales, was in danger from the rebels, Gov. Mayorsena of Sonora started 400 soldiers and 200 horses for that point by a special train from Hermosillo this afternoon. A small band of revolutionists reported moving westward, held up and robbed an American near Cajeme today, according to advices received here.

## SANTA MONICA CANYON

Offers irresistible attractions to lovers of Nature. It also presents interesting profit opportunities to investors. In fact, the phenomenal sales record established during the past few weeks indicates this Beach-Canyon Combination is popular with everybody. This fact should be considered well by you. It's safe to invest in a tract that's universally known and popular. Future demand and future profit are guaranteed.

### Location

On Santa Monica Bay, directly adjoining City of Santa Monica. Overlooked by magnificent Palisades and Brentwood Park districts. Short ride to amusement piers of Venice and Ocean Park. Elegant beach, delightful trails and walks. Long wharf close by affords fishing. An all year round home place.

### Improvements

Santa Monica Canyon particularly appeals because absolutely no pioneering is necessary. Water, gas, electricity, telephones. Schools and stores. Cement sidewalks, curbs and stairways. Ask for list showing location of improvements.

### Prices

So low and terms so easy as to excite comment of all visitors. Quick sale at small profit to prospective home builders has been our desire in this campaign. Already work on many artistic dwellings has been started. The giant sycamores with great overhanging limbs and the irregularity of the Canyon encourages originality in home construction. Protective restrictions guarantee a standard of quality.

### Car Lines

Regular cars leave Fourth and Hill street station over the Westgate, Sawtelle and Short lines; also over the New Air Line from Sixth and Main street station. Transfer at Santa Monica to Canyon car leaving Colorado street.

### HOLD FALL RESPONSIBLE.

**Insurgent Leader Asks for Public Schools and Lodging as Condition for Laying Down Arms.**  
[BY A. P. DAY WIRE TO THE TIMES.]  
MEXICO CITY, Aug. 20.—That the Mexican government still holds Senator Fall of New Mexico largely responsible for the failure to effect a reconciliation between Orozco and the government, is declared in a statement issued last night by Minister of the Interior Magón, replying to Senator Fall's speech in the United States Senate yesterday. Senator Magón refers sarcastically to the statement of the New Mexico Senator denying he had endeavored to influence Orozco in the latter's spirit of defiance and adds: "The Senator's denial falls flat when, in the same speech, he recommends that the United States recognize the belligerency of the rebels." "His interest in the welfare of the Orozcoquitos speaks for itself."

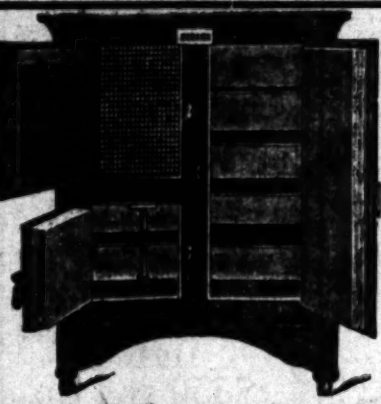

**TRUCE IN GUERRERO.**  
A truce has been declared between the Federals under Col. Revoldo Diaz and the rebels under Jesus Salgado in the State of Guerrero. The truce began on August 5 and is expected to last a month. An attempt is being made to bring about the surrender of Salgado and his men. Negotiations are under way, and although they are not official, they are going on with the consent of the government. Salgado demands an indemnity of \$30,000 and the establishment in the State of a modern system of schools. The muttering out of the rebels would be done by the leader himself. Although it is understood the government is willing to accede to most of the terms, certain minor and technical provisions have not met with its approval. It is said they practically would make Salgado ruler of the State of Guerrero.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever.—Adv.

## TEXAS FEELS CAR SHORTAGE.

Traffic Congestion to Cover the Entire Country.

Grain and Fruit Crops Crowded Railroads.

Appeal to Producers to Move Shipments Quickly.

DIRECT WIRE TO THE TIMES.  
FORT WORTH (Tex.), Aug. 20.—[Exclusive Dispatch.] The United States, especially the entire section west of Mississippi, faces an unprecedented car shortage which probably will cause great detriment, at least in some quarters, according to railroad officials and shippers' associations of the Southwest.  
Railroad statisticians have announced that one of the greatest grain crops ever has been produced in the West and at the same time there is a shortage of cars which will make it difficult when time to move the crops arrives. Texas being the first to move crops, already is feeling the shortage.

**RAILROADS ADMIT DILEMMA.**  
A. Garrett, chairman of the Texas Railway, in letters to shippers, admits the dilemma, in that the farmers and shippers and the railroads must co-operate. He says that the railroads will be taxed to their limit, and that the shippers must move their crops as quickly as possible. There is a surplus of 150,000 cars which is to be used, and a shortage of 100,000 cars. On July 20, however, he says there were 100,000 cars.

**RECORD GRAIN CROP.**  
Railroad statisticians have announced that one of the greatest grain crops ever has been produced in the West and at the same time there is a shortage of cars which will make it difficult when time to move the crops arrives. Texas being the first to move crops, already is feeling the shortage.

## OBEY, THEN INVESTIGATE.

Five Officers Mustered Out for Mutiny Have Hearing Before Gov. West of Oregon.  
(BY DIRECT WIRE TO THE TIMES.)  
SALEM (Or.) Aug. 20.—[Exclusive Dispatch.] Five officers of the Oregon National Guard who were mustered out for mutiny during the guard maneuvers near Gata, Wash., early this month were given a hearing today before Gov. West. Col. J. M. Poorman, commander of the Third Infantry, was the chief witness, occupying the entire morning with his testimony. Col. Poorman told of the mutiny in which the officers had refused to obey an order from Brig.-Gen. Maus for a march of five miles at the close of a day's activities. The defendant officers endeavored to show that their men were too tired for the march. Col. Poorman admitted that he had made no personal investigation of their condition but knew from subordinates that they were in shape to obey the order.

## Slight of Hand.

## TURN OLIVE PITS INTO PEPPER.

## IMPORTED DRUGS ARE DRUGGED.

Heated Argument Between Customs Officials from New York and San Francisco at Denver Convention of Pharmacists Incidentally Furnishes Interesting Information.

BY A. P. MONT WIRE TO THE TIMES.  
DENVER (Col.) Aug. 20.—Fifty per cent of the drugs entering the port of New York and passed by the government inspectors there as chemically pure are declared by government inspectors in San Francisco to be adulterated, according to a statement made today at the second day's convention of the American Pharmaceutical Association, now in session here.

## HEATED ARGUMENT.

The discussion which ensued brought on a heated debate participated in by Dr. H. H. Busby of New York, through whose hands all foreign drugs pass when they enter the eastern port and Prof. Albert Schneider, who is an inspector for the government at San Francisco. The discussion will result, it was said, in an action by the association for stricter legislation to prohibit the adulteration of drugs in the United States.

## PEPPER OUT OF OLIVE PITS.

One test made by Prof. Schneider disclosed, he said, that more than 50 per cent of the commercial pepper used in the United States is composed of ground up olive pits, enough of the refuse of the original black pepper to give a flavor and the proper color and appearance.

The drug reform committee recommended today that the association go on record as favoring national laws which place the physician and the druggist on the same relative basis with regard to the dispensing of drugs. The recommendation was sanctioned by Dr. J. M. Francis of Detroit and Prof. L. E. Sears of the State University of Kansas and the report will go to the council for action.

## Entanglements.

## SAN JOSE LOSES A CONVENTION.

## THE MEDICO LEGAL SOCIETY RESISTS CHARGES.

Resolutions Passed by the International Law Association that the Attempts of San Francisco Attorneys to Disbar Charles E. George Is an Insult.

## BY A. P. MONT WIRE TO THE TIMES.

SAN FRANCISCO, Aug. 20.—Because the San Francisco Bar Association is seeking to have Charles E. George, an attorney, disbarred on charge of having fraudulently obtained his certificate, the International Law Association and Medico-Legal Society of New York, has written a letter to the bar association which states in part:

"That because of the insult offered our honored trustee, Charles E. George, in whom we have full faith, and whose moral worth is unimpeachable, this organization rescinds the resolution fixing San Jose, Cal., as the place of our annual convention October 6-10."

## STRONG WORDS THESE.

George figured in a big case several weeks ago, the evidence in which was characterized as "a disgraceful mass of rotten perjury" by Presiding Judge Munroe. The San Francisco Bar Association, said today the action of the New York organization was spite work.

## A FURNISHED RECORD.

The bar association asserts that it has sufficient evidence to disbar George. This evidence shows, it is said, that in the District Court of Northern Illinois, on April 11, 1900, one Charles E. George was found guilty of a felony and sentenced to thirteen months in the House of Correction, and that in Massachusetts he was indicted September 21, 1905, for using the mails to defraud, was convicted on September 29 and sentenced to imprisonment in the House of Correction at Boston for a period of twelve months. Attorney R. R. Gray of the local bar association has certified copies of the court records as evidence of the charges.

LOS ANGELES VACUUM GAS HEATING CO., 214 W. Second St.

## Most Time Saving, Most Natural, Most Safe. No Detention from Occupation, Family or Home. A Radical and Permanent Cure.

I will explain my treatment for Hemorrhoids, Piles, Varicose Veins, Pelvic, Nervous, Blood, Kidney, Bladder and Rheumatoid Diseases.

## Piles, Fistula, Rectal Diseases.

These diseases are very common; most frequently found in persons of middle or advanced age; are exceedingly annoying, often very painful, and sometimes very dangerous, and frequently unfit one for pleasure or occupation. My treatment and success are the result of years of experience; my treatment is kindly applied. I cure Piles without cutting. If I do not cure your Piles, Fistula and other rectal diseases, my treatment does not cost you anything. Gentleness in treatment comes from treating many cases. I guarantee a cure of Piles, Fistula, Ulcers and all curable Rectal Diseases.

## Trusses Seldom Cure Rupture.

Disregard for existing Hernias has cost many lives. The smallest hernias are the most dangerous, because of the increased liability to strangulation. I am aware that a great deal of fraud has been practiced in connection with the alleged cure of rupture. I may positively state that I cure Rupture, to stay cured. I cure with perfect safety, and entail no suffering, and do not detain you from occupation.

## WRITTEN GUARANTEE.

Dr. Tillotson's written guarantee means a cure or no pay for services. I guarantee to cure certain diseases or refund every dollar you have paid me. My services cost you nothing unless I cure your Varicose Veins, Hemorrhoids, Piles, Fissures, Fistula or any disease. I guarantee to cure. My terms are reasonable and no more than you are willing and able to pay.

## READ MY BOOK—it contains information every person should have regarding themselves. Sent Free to those who, in my opinion, will be benefited by it.

For Solid Gold Crowns For a full set of Guaranteed Teeth Painless Extraction Guaranteed.

## YALE DENTISTS

WEDNESDAY MOR.

**Classified Advertisers.**

**Country Property.**

**THE BIGGEST**  
**BARGAIN IN**  
**CALIFORNIA.**

Large ranch and pear and current land  
being sold at Tehachapi.

WANTS to pay a man upward of  
\$100,000.

WANTS are also two weeks after  
the Los Angeles market is here. Desires  
to buy in 1914 or 1915 at \$1000 an acre. Ought  
to be able to buy 1000 acres.

WANTS to buy some land, weight half  
acre, high land, good until December,  
then low. Must be good; less water  
than 1000 acres of same grade; less water  
than 1000 acres of same grade.

WANTS are always in demand in  
market; Tehachapi apples are large, big  
size, and of the best quality.

WANTS in 1914, 1915, 1916, 1917, 1918,

**TO RECLAIM A  
VALLEY EMPIRE.**

Giant Canal from Mexico to  
Imperial Junction.

Two More Cities and Homes  
for Twelve Thousand.

Three-Quarters of a Million  
Estimated Cost.

Definite announcement of the forth-  
coming construction of a great irri-  
gation canal which will mean the  
opening and development of a new  
empire, the reclaiming of 100,-  
000 acres of virgin soil, the building  
of at least two new cities in Imperial  
Valley, homes for 12,500 homeseek-  
ers, the probable building of a new  
belt line railway and the shipping of  
many additional thousands of car-  
loads of products from the valley, was  
made yesterday by Col. W. H. Rol-  
and, receiver for the California De-  
velopment Company.

The building of the great ditch, to be  
known as the East High Line Canal, will  
be carried through by what is known  
as Water Company No. 1. The canal  
will begin at a point near the Mexican  
border and extend to Imperial Junction,  
a distance of thirty-six miles, irri-  
gating a strip varying in width from  
three to seven miles and including ap-  
proximately 75,000 acres. A second  
heading on the Alamo River will pick  
up all the water of No. 1's present  
ditch as well as the waste from the  
California Development Company's  
canal. This will serve to irrigate 28,-  
000 acres additional. This water now  
flows into the Salton Sea.

The new ditch will be large enough  
to carry 500 second feet of water,  
which will be taken from the main  
canal of the development company at  
the legal rate which, at the present  
time, is 50 cents per acre foot. The  
work of construction is estimated by  
Receiver Roland at about \$750,000,  
which will be raised by the company  
under the proposed new ditch, prac-  
tically all of the land having already  
been taken up.

This will provide an increased year-  
ly revenue for the company of \$100,-  
000 without material increase in cost  
of maintenance and, on a 1 per cent  
valuation, will add \$2,000,000 or more  
to its valuation. The handling of  
the water from the big canal will be  
under the direct supervision of the  
receiver, although Company No. 1 is a  
mutual organization composed of the  
water-using ranchers who combine  
for the purpose of securing their irri-  
gating water at cost. Joel Anderson  
of Holtville is president of the com-  
pany, and former Judge Alfred  
Haines of San Diego is attorney. The  
engineers are at present in the field.

Some idea of the magnitude of the  
operation of the receivership is  
gleaned from the fact that since the  
property has been under such jurisdic-  
tion, a period of two and one-half  
years, 173,345 acre feet of water  
has been sold to land owners at a net  
profit of \$734,809 returned. Col. Rol-  
and feels that the addition of the  
new ditch will go a long way towards  
placing the affairs of the company  
on a sound financial basis, and he  
thinks the time is not far distant  
when the water users of the valley  
will see their way clear to take over  
the entire control rather than to con-  
tinue to pay the added cost attached  
to the present system.

The land which will come under irri-  
gation when the new canal is fin-  
ished is as rich as any in the valley,  
and, when settled, with a family on  
every forty acres, will accommodate  
2500 families. There remains 50,000  
acres of good land west of the west  
main ditch, but irrigation of this land  
is not likely to become practicable  
for many years.

**FIVE THOUSAND A FRONT FOOT.**  
Spring Street Realty Changes Hands  
at Rise of Two Thousand Per Cent.  
Over Its Original Price.

Three hundred and seventy-five  
thousand dollars is the price paid by  
a syndicate of Pasadena capitalists for  
a parcel of ground fronting seventy-  
five feet on Spring street and running  
through to Main street between Sev-  
enth and Eighth streets. Twenty-six  
years ago a fifty-foot strip of this  
parcel was purchased by the seller for  
\$12,500.

The syndicate for the transfer of the prop-  
erty have been filed in the County  
Recorder's office. W. B. Merwin and  
Company and David Blankenhorn  
conducted the negotiations for the sale  
of the property and closed the deal.

Two lots are involved in the trans-  
action. One, with a frontage of twenty-  
five feet on Spring street, extends  
190 feet to a seventy-five-foot frontage  
on Main. It was purchased by the  
Guarantee Realty Company, which  
disposed of it, less than a year ago,  
through the same agents for \$75,000.  
The price paid by the new owners is  
\$125,000. It is improved with a one-  
story brick store building which runs  
through from street to street.

The other lot, adjoining on the  
south, has a frontage of fifty feet on  
Spring street and extends 152 feet to  
a fifty-two-foot frontage on Main  
street. This lot was in possession of  
Henry A. Cogswell, T. B. Henry, for  
a quarter of a century. He now re-  
ceives \$250,000 for it. There is a one-  
story brick building on the Main street  
end of this lot and a frame flat  
building on the Spring street end.

No intimation has been given by the  
purchasers as to what they will do  
with it. It is understood, however,  
that they already have a proposition  
looking to its improvement under  
consideration.

**MATRIMONIAL TANGLE.**  
Because Matilda Cogswell, the  
woman alleged to be the first wife  
of Henry A. Cogswell, is out of the  
State and could not be secured as a  
witness, Justice Reeve yesterday dis-  
missed the complaint under which  
the man is charged with bigamy.  
The complaint was secured by Emma  
Shivel, who claims that Cogswell  
married her a month before he ob-  
tained a decree of divorce from his  
first wife.

**Only Key to Strange Mystery of the Sea.**

**Do You Know Either of These People?**  
These are copied enlargements of the two small photographs found in a  
gold locket tangled in the hair of the young woman who committed  
suicide by throwing herself from the end of the municipal pier Monday  
night. So far, other clues to her identity have come to naught and the  
police miss all their hopes to the pictures.

**CLEW TO IDENTITY IS  
TANGLED IN HER HAIR.**

**T**ANGLED in the luxuriant brown  
hair of the unknown woman who  
made away with herself by leap-  
ing headlong into the sea from the  
end of the municipal pier at Santa  
Monica Monday night has been found  
probably the only clew which will  
ever lead to the discovery of her  
identity.

It is a small gold locket, fastened  
on a chain and meant to be worn  
about the neck. On one side is  
graven the letter M and on the other  
the letter V. In it were two photo-  
graphs, one apparently of the woman  
herself and the other of a man past  
middle age, with gray hair, stout and  
rather bald. The picture of the  
woman is so striking a likeness of  
the self-slain that the police ex-  
press no serious doubt that it is  
either a photograph of herself or of  
a very near relative. The pictures  
have been turned over to the Coroner  
and it is chiefly through them that  
the authorities hope to establish the  
identity of the dead.

Scored viewed the body of the  
young woman yesterday but none  
would venture an opinion as to  
her identity. The quality of her  
clothing is taken to indicate that  
she may have been a person of some  
means, and may ultimately throw  
the police at between 25 and 30.  
Coroner Hartwell, who spent most  
of yesterday in an effort to establish  
the woman's identity, has some hope  
that a bloody garment found near a  
retaining wall at Ashland avenue and  
colleymay may ultimately throw  
some light on the mystery. The  
laundry mark which appears on the

**WILL DRIVE HOME BAIN  
CASE AGAINST DARROW.**

**D**IST-ATTY. FREDERICKS is de-  
termined to push the Bain indict-  
ment against Clarence Darrow.  
He believes that the evidence amply  
justifies him in going to trial and  
smiles sarcastically at the argu-  
ment of defendant's counsel that the  
court ought not to be placed to more ex-  
pense in pursuing the alleged prin-  
ciple in the corruption of jurors in the  
McNamara case.

Judge Hutton metaphorically  
washed his hands of the matter yes-  
terday afternoon when he quickly  
transferred the case against Darrow  
to Presiding Judge Willis's depart-  
ment. This means that Judge Willis  
will either personally hear a motion to  
dismiss or else transfer to some other  
judge for hearing.

Deputy District Attorney Ham-  
mon, who represented the prosecu-  
tion, yesterday stated that there is  
no reason why another indictment  
cannot be found against Darrow if  
the present one should be thrown  
out of court. The attitude of the  
State, he said, is that a grave crime

**JURISTS HONOR MEMORY  
OF DEPARTED COLLEAGUE.**

**F**UNERAL services for Martin E.  
Cook Munday, attorney and prom-  
inent Democrat, were held yes-  
terday afternoon at the family resi-  
dence, No. 334 West Twenty-third  
street. Rev. J. N. Smith of the East  
Los Angeles Christian Church offi-  
ciated. Services at Evergreen Ceme-  
tery, where the interment took place,  
were conducted by the Native Sons  
of the Golden West, of which Munday  
was a member.

The honorary pallbearers were Hon.  
W. J. Hunsaker, Ex-Gov. H. T. Gage,  
Martin C. Marsh, C. C. Hamilton, ex-  
Judge E. M. Ross, L. H. Valentine,  
Hon. R. F. Del Valle, Owen Roberts,  
A. D. Bowman, Mike Potter and The-  
odore Bain. The active pallbearers  
were Harry Philips, Will Edwards,  
Trimble Barkley, Harry Borden,  
Carlton Burke, Will Ramsaur and  
Thomas R. Lee.

Munday was one of the leading  
members of the bench and bar of  
Southern California, and was held in  
high esteem by those who knew him.  
He was one of the most prominent  
Democrats in this region and had  
taken an active part in civic and gov-  
ernmental affairs. He was a man of  
steadfast purpose and hardy courage  
and was noted for his loyalty to his  
clients' interests under all conditions.

He was born February 21, 1856, in  
Sonoma, where he was reared. He  
was educated in the country schools  
and attended Baptist College from  
1874 to 1876. In 1882 he was ad-  
mitted to the bar and practiced law  
for six years in Sonoma county, when  
he came to Los Angeles and formed  
a partnership with R. F. Del Valle,  
former State Senator. For ten years  
and up to the time of his death he  
has been practicing alone. He served  
in the State Legislature as a Demo-  
crat in 1885 and 1886.

He was a candidate for District  
Attorney of Los Angeles county on  
two occasions and also Superior Court  
Judge.

**SUNDAY PICNICS  
ON BLACKLIST.**

**HIBERNIAN'S UNANIMOUS VOTE  
ADOPTS RECOMMENDATION.**

Delegates Believe It Will Raise  
Standard of Order and that Other  
States Will Follow Suit—Twenty  
Per Cent. Increase in Member-  
ship Reported.

Sunday and holiday picnics were  
tabooed at yesterday's session of the  
State convention of the Ancient Order  
of Hibernians.

This action was unanimously taken  
following a recommendation by the  
committee on amendments to the by-  
laws of the order. According to the  
new law no picnic can be held on  
Sundays, Memorial Day, Christmas  
or similar holidays under the name of  
the order. This is a radical de-  
parture from the custom which pre-  
valled for years, particularly in the  
East. The delegates who are re-  
sponsible for the decision believe it  
will tend to still further raise the  
standard of the order. Other States  
are likely to follow California's lead  
in this respect, it is believed.

The morning session yesterday was  
occupied with the reading of reports  
by State officers. President McGarry's  
report showed the order to be in a  
healthy condition financially and a  
gratifying increase in membership.  
The grand secretary's report showed  
a nearly 20 per cent. increase in  
membership. The reports of the  
Secretary Griffith and Treasurer  
Donohue dealt with both State and  
division affairs and showed both to  
be in a satisfactory condition.

An interesting feature of the after-  
noon session was an address by Rev.  
Joseph McManus, who talked on the  
development and growth of the order  
in the West. A division has been es-  
tablished at Honolulu and another at  
Manila and it is probable that a  
second division will be instituted in  
Hawaii.

Rev. Paul J. Dillon talked on the  
development of the study of Irish  
history in parochial schools and  
urged that the courses be made even  
more comprehensive than now. His  
suggestion that Irish history be  
studied and discussed in lodge rooms  
was formally approved by the con-  
vention. Clashes of Father Dillon's  
address were ordered printed and  
they will be distributed among the  
lodges on request.

An informal discussion concerning  
the Hibernian Rifles, a military  
branch of the order, brought out a  
strong sentiment in favor of enlarg-  
ing its membership and equipment.  
The military organization which is  
now concentrated in Oakland and San  
Francisco has made a splendid show-  
ing under the leadership of Maj. C.  
J. Collins of San Francisco, and it  
is possible that a rifle division will  
be organized in this city.

The big social event of the conven-  
tion was the grand ball at the Gold-  
berg-Bodley assembly room, when  
nearly 500 of the delegates and visi-  
tors were guests of the Ladies' Aux-  
iliary.

Two business sessions will be held  
today, which is the closing day of  
the convention. Officers will be  
elected and a report rendered by the  
regulations committee. Some time  
during the day the State officers will  
visit Bishop County.

The Ladies' Auxiliary held an  
executive session yesterday morning.  
An interesting feature of the meeting  
was an address by Miss Ellen Hen-  
nessy, president of the juvenile  
branch.

**POMONA MAN HELD.**  
Edward L. Dearman, son of D. H.  
Dearman, a merchant of Pomona,  
arrested Monday by Detective Nick  
Harris on a complaint charging him  
with passing checks on banks in  
which he had no funds, was arraigned  
before Justice Forbes and exam-  
ined at his examination set for Monday. He  
could not furnish \$1000 bond on each  
of two counts against him.

**ARCHITECT FOR  
COUNTY WORKS.**

**THOUSANDS IN COMMISSIONS  
COULD BE SAVED.**

**New Schools in All Parts of the  
County Involve Big Expenditures.  
Auditor Would Have State Insure  
Public Buildings Devoted to the  
Common Use.**

Approximately \$40,000 will be paid  
by various school districts of the  
county in commissions to architects  
on school buildings erected during the  
past year and now in course of con-  
struction. This led yesterday to a  
renewed argument by County Super-  
intendent Keppel for the appoint-  
ment of a county architect, who, he  
believes, could give equivalent service  
for a sum of money.

According to a report filed yester-  
day with Keppel by County Auditor  
Lewis nearly \$28,000 has been paid  
out in commissions during the past  
year. On a 5 per cent. basis this  
would represent construction cost-  
ing about \$560,000. The sum does not  
include work done in the city of Los  
Angeles.

An established by figures issued yes-  
terday by Assistant County Superin-  
tendent Phillips, bond issues for  
school construction and improvement  
valued at \$148,200 have been voted in  
the county for structures now be-  
ing built. Commissioned at 5 per  
cent on this sum would total about  
\$13,500.

"I favor the appointment of a coun-  
ty architect in the interest of econ-  
omy," said Keppel yesterday. "The  
efficiency of such a man would be in-  
sured by careful selection, greater  
uniformity in structure would be ob-  
tained, and district trouble in the se-  
lection of an architect would be  
avoided. Even where the architect's  
commission is only 3 1/2 per cent, the  
appointment of necessary inspectors  
eats up a full 5 per cent. or more in  
the end."

Keppel and Lewis both favor a sys-  
tem of insurance by the State for pub-  
lic buildings. Keppel would include  
all edifices devoted to the common  
use, but Lewis believes that it might  
be confined to schools and inflam-  
mable buildings. He does not believe  
structures of the latest fireproof type  
need to be insured at all. "There  
are too few county buildings like  
the Hall of Records," he said, "to es-  
tablish an average. But the State  
system would cover the schools uni-  
formly and be cheapest in the end."

The school districts that have voted  
bonds for improvements and build-  
ings now under way, according to  
Assistant Superintendent Phillips's  
figures, are: Palomar, \$1900; Red-  
man, \$1500; South Pasadena, (High  
School), \$70,000; Huntington Park,  
\$40,000; Montebello, \$16,000; Willow-  
brook, \$4000; Ferndale, \$5000; San  
Antonio, \$8000; Glendale, \$30,000; El  
Segundo, \$5500; Alhambra, \$2500; San  
Telle, \$20,000; Fruitland, \$10,000;  
Vineland, \$15,000; Belvedere, \$15,  
000; Hansen Heights, \$1900; New  
Era, \$900.

In some cases these issues represent  
the bonding limit of the community  
for school purposes.

**ALLEGED STABBER HELD.**  
Prisoners from the County Jail  
were taken to Justice Forbes' Court  
yesterday to testify in the examina-  
tion of John Vashlik, the Greek  
trusty who recently stabbed to death  
Charles Mullin and seriously  
wounded Martine Mendoza and Louis  
Noel, fellow-prisoners. Constantine  
Riccardi, Vashlik's attorney, said last  
night that he would request Judge  
Willis to have the Greek brought be-  
fore a commission and examined as to  
his sanity. Justice Forbes held the  
prisoner to answer in the Superior  
Court.

## Public Service: City Hall, Courts.

## SUMMARY OF THE DAY.

The City Council yesterday changed the name of Santa Monica boulevard, in the northwestern part of the city, to Colegrove boulevard, notwithstanding protests of South Hollywood people, who alleged they have more than a majority of the frontage signed to a petition asking for the change to Beverly boulevard. They threaten to refer the matter to the people.

Councilman Topham yesterday proposed that all occupation licenses be removed except upon such as require police surveillance, and that these be charged enough more to cover the amount of license money that would be lost by the proposed change.

The Council yesterday refused to repeal the anti-free lunch law, and it will have to go to a vote of the people.

Los Angeles Good Templars yesterday proposed that the City Council submit to a vote of the people a system of laws regulating the liquor traffic based on the plan in force in the District of Columbia.

The terms between the city and the Los Angeles Investment Company, whereby the latter is to act for the city in underwriting bonds, were approved by the City Council yesterday.

A special committee was named by the City Council yesterday to investigate the infantile paralysis situation and make a clear statement to the public.

At the City Hall.

## NAMED COLEGROVE, WILL IT STICK?

SANTA MONICA BOULEVARD HAS NEW APPELLATION.

Cole Family Jubilant, but Proponents of Name of Beverly Boulevard Are Wroth and Threaten to Invoke Referendum. Claiming to Have Majority of Frontage.

Santa Monica boulevard, the road in the northwest part of the city and extending down to Sawtelle and Santa Monica—known by the name of Santa Monica road for more than thirty years—was rechristened, yesterday, by the City Council. The new name is Colegrove boulevard.

This was the culmination of a long fight between factions of the Colegrove settlement and the South Hollywood district—that is, unless the referendum is invoked, and this was threatened yesterday afternoon by the angry South Hollywood citizens, who declared the action of the Council was an unfair proceeding, in view of the fact that they claim to have a majority of the frontage signed to their petition to call it Beverly boulevard.

The Cole family and their supporters were present in one section of the Council chamber. The South Hollywood people were an angry mob in another section. Each was determined not to lose a point of advantage.

For several years past the renaming of the Santa Monica avenue in the northwest part of the city has been brought before the City Council from time to time—a semi-annual hearing, one of the men expressed yesterday. Yesterday a petition was presented to the Council, asking that no change of name for this avenue be adopted that contained the word Colegrove.

The Streets and Boulevards Committee adopted a resolution that no change of name would be considered unless those proposing it should show at least 51 per cent of the frontage of the avenue on their petitions.

Then the two sections began a new campaign. Former Senator Cornelius Cole and his son, Seward Cole, circulated petitions to filed them, showing more than 500 persons favoring the change to the name of Colegrove.

The South Hollywood Improvement Association circulated petitions to have the name changed to Beverly boulevard, provided the Council determined that the old name should be abandoned; but they wanted to retain the old name of Santa Monica.

The Colegrove petition was favorably acted upon by the Streets and Boulevards Committee at last session and went before the Council yesterday with a recommendation for its adoption.

A notice was also received from the Board of Supervisors that on Monday that body had named the avenue lying out side the city limits extending to the easterly limits of Sawtelle, giving it the name of Colegrove boulevard.

Former Senator Cole and his son and other residents of the Colegrove neighborhood made strong pleas for the adoption of the name of Colegrove. The South Hollywood people drew upon the Council its committee's resolution and presented a petition, that they alleged had a majority of the city frontage on this avenue, favoring the name of Beverly.

There was much discussion that got nowhere. Finally Councilman Langdon moved the adoption of the name of Colegrove, and Councilman Topham moved as a substitute that the subject be sent back to the Streets and Boulevards Committee, but the vote on this was a tie.

Then more speech-making, and the urging by H. D. Canning, secretary of the South Hollywood Improvement Association, that the petition be presented complied with the committee's resolution and in all fairness must be considered.

Then came the vote on the original resolution to adopt the name of Colegrove, and it carried by the vote of Councilmen Betkouski, Langdon, Lusk, McKensie and Williams.

## "THE TIMES" GREAT BOOKLOVERS' CONTEST.

Persons entering this contest today, tomorrow, next week or any other time before the contest closes, will have exactly the same chance of winning a prize as those who previously entered.

Answers from entrants will not be accepted until the entire 77 pictures have been printed.

Copies of The Times from the date the first picture appeared can be purchased at The Times office. The first set of answers filed will have no preference over the last set, and you can get into the contest any time before it closes, and be on an absolute parity with all other entrants.

Councilmen Andrews, Reed and Topham voted against this action. Officers of the South Hollywood Improvement Association retired to the corridor and immediately declared that they would not submit to this action and that they would take the steps to invoke the referendum.

The City Engineer will be notified today to prepare the necessary ordinance for the change of name, and this will be acted upon at the next week's meeting of the Council.

## A NEW PROPOSITION.

The subject of abolishing all license fees on wagons peddling poultry and dairy products, fruits and vegetables, was before the City Council, yesterday, and evoked discussion from representatives of numerous phases of the question. It was finally referred back to the Legislation Committee for further consideration. There will be a public hearing there at the committee's next session, Thursday morning at 9 o'clock.

Councilman Topham presented a new point of view when he advocated the abolition of all license fees except those on such businesses as require police surveillance, and the increasing of the license fees on those which do not.

The discussion was general, and besides the Councilmen participating, there were speeches by City Tax Collector Taggart, City Clerk Handley, Chief of Police Sebastian, J. F. Pedding, representing the Retail Merchants' Association, W. A. Ingle representing the Central Council of Labor, and others.

They will represent their arguments at the public hearing next Thursday.

## MUST GO TO VOTE.

ANTI-FREE LUNCH LAW.

The anti-free lunch ordinance must go to a vote of the people—either at a special election or at the next general election, as may be determined by the number of valid signatures on the referendum petitions.

One member of the City Council yesterday stood for a repeal of the ordinance. This was Martin Betkouski, and he urged that because of the showing of 27,000 signatures to the referendum petitions, secured in practically three days' time, it was useless to subject the city to the expense of an election, and moved that the ordinance be repealed.

Not one of the remaining Councilmen would second Betkouski's motion. Councilmen Topham and Andrews spoke in favor of the ordinance, Topham declaring that everyone knows how easy it is to get people to sign petitions and that this does not indicate that all the signers of the petition are in favor of repealing the law.

Councilman Andrews warmly defended the action of the Council in adopting the ordinance that called for the referendum, and declared that if the city lawmakers are to stand in fear and trembling lest their every legislative act shall be subjected to the referendum, then the Council had better have an extra-judicial body on hand to tell it just what it might and might not do.

"There is no telling where this referendum thing is going to stop," declared Andrews. "If you have a referendum, you've got to consult the women of the city hereafter when you put out a law. You've got to consult our stand and will maintain it."

Checking of the names on the referendum petitions will be made Monday. If it is found that there are 50,700 valid signatures, then the calling of a special election will be mandatory, and the law will be repealed.

The Streets and Boulevards Committee adopted a resolution that no change of name would be considered unless those proposing it should show at least 51 per cent of the frontage of the avenue on their petitions.

Then the two sections began a new campaign. Former Senator Cornelius Cole and his son, Seward Cole, circulated petitions to filed them, showing more than 500 persons favoring the change to the name of Colegrove.

The South Hollywood Improvement Association circulated petitions to have the name changed to Beverly boulevard, provided the Council determined that the old name should be abandoned; but they wanted to retain the old name of Santa Monica.

The Colegrove petition was favorably acted upon by the Streets and Boulevards Committee at last session and went before the Council yesterday with a recommendation for its adoption.

A notice was also received from the Board of Supervisors that on Monday that body had named the avenue lying out side the city limits extending to the easterly limits of Sawtelle, giving it the name of Colegrove boulevard.

Former Senator Cole and his son and other residents of the Colegrove neighborhood made strong pleas for the adoption of the name of Colegrove. The South Hollywood people drew upon the Council its committee's resolution and presented a petition, that they alleged had a majority of the city frontage on this avenue, favoring the name of Beverly.

There was much discussion that got nowhere. Finally Councilman Langdon moved the adoption of the name of Colegrove, and Councilman Topham moved as a substitute that the subject be sent back to the Streets and Boulevards Committee, but the vote on this was a tie.

Then more speech-making, and the urging by H. D. Canning, secretary of the South Hollywood Improvement Association, that the petition be presented complied with the committee's resolution and in all fairness must be considered.

Then came the vote on the original resolution to adopt the name of Colegrove, and it carried by the vote of Councilmen Betkouski, Langdon, Lusk, McKensie and Williams.

City Hall Briefs.

The Public Service Commission yesterday was granted permission by the

or the Council as a whole, on the subject of the proposed "dry" zone.

## Council Ratifies Terms.

The City Council yesterday ratified the agreement between the special committee and Charles A. Elder for the Los Angeles Investment Company as to the terms upon which the company shall bid on behalf of the city for the purchase of the State Normal School site when it is again put up at auction.

Councilmen Andrews and Lusk voted against the protest. Councilman Lusk declaring that the Council members were highly inconsistent, as they objected to proceeding with the building of a new City Hall on the grounds that they could not see where the money in addition to that secured from the sale of the present City Hall property was to come from, yet they were perfectly willing to turn around and saddle upon the city an indebtedness of three-quarters of a million dollars for the Normal School site.

"We certainly need a new City Hall," declared Lusk, "and I shall be forced to oppose this measure."

Councilman Andrews opposed it on the grounds that there is plenty of real estate speculation opportunities lying around and the city needs all available money for other purposes.

## O'Neill Is Confirmed.

The City Council yesterday confirmed the appointment by the Mayor of Frank O'Neill as chief of the Bureau of Police and Patrol.

After a strong plea by Councilman Reed for postponement, Reed urged that O'Neill is not an expert in the construction of alarm boxes, while the city has the opportunity of securing a San Francisco expert who has a record on that line. Other members of the Council contended that O'Neill is an expert in cable construction and as the bulk of the outlay in constructing the new alarm system will be on this class of work, and as expert advice could be secured for the construction of the alarm boxes, O'Neill was the right man for the place.

## Toll Public the Truth.

An official statement of the truth about the extent of infantile paralysis in Los Angeles and the steps that have been taken to keep the epidemic in control is to be made by a special committee of the City Council, after it has made a thorough investigation.

The Council yesterday voted to empower a special committee with the authority to do this. The President of the Council named as the members of this committee Councilmen Andrews, Topham and Betkouski.

Councilman Lusk introduced a resolution calling attention to exaggerated reports of the spread of this disease made in papers at outside points, and urged that the city should take steps to prevent such damage to the city's general interests. The Council should take steps to send abroad a plain statement of the situation, so that the scare might be abated.

Senator Hurd and A. P. Tugwell, latter representing the moving picture men's association, addressed the Council on the subject. The vote to create a committee to make the report as indicated was unanimous on the part of the Councilmen.

## Clean-up Dates Changed.

The appeal of the Health Commission and the City Council to the City Council for co-operation in a clean-up campaign was presented to the Council yesterday, and that body decided to designate Monday, Tuesday, August 26 and 27, as dates for a general clean-up on the part of all householders. The street department will be asked to assist in this by using the teams of the department on that day in hauling rubbish from places where persons have not the means to do this work themselves.

## Protest Against Site.

A protest against the proposed site for the branch library on Boyle Heights at First and Chicago streets was before the Council yesterday, and was referred to the City Engineer for checking the frontage represented. R. W. Kelly, representing the residents, stated that they consider the site not sufficient land at the site proposed, as they expect to secure an additional \$15,000 for the purpose of building an open-air theater or reading room that they want to make one of the features of the city.

## Council Meeting Today.

The gist of business was no great at the City Council's session yesterday that it could not be completed and an adjourned session will be held at 2 o'clock this afternoon.

## May Get Time Extended.

The City Council yesterday took up the subject of allowing an extension of time to property owners to hope street, between First and Third streets, in which to pay their assessments for the improvement of the street on a split grade, so that they may take advantage of the bond proposed by the City Council. The subject was referred to the Streets and Boulevards Committee for further consideration, but it is quite probable the extension will be allowed.

## Petition-Checking Room.

City Clerk Handley yesterday was authorized by the City Council to have quarters prepared in the attic of the City Hall for use by his corps of employees in checking election petitions, addressing sample ballots, etc. Heretofore it has been necessary to hire extra rooms for this work. The work will be done at once, and the first use will be by the corps that will check up the names on the referendum petition against the anti-free lunch ordinance.

## Laundry Must Move.

The City Council yesterday voted to sustain the protest against the location of Bishop County, asking that an industrial district be created on the 13½ acres occupied by the Convention of the Good Shepherd located on the east side of Arlington street, between Pico and Sixteenth streets. The protesting property owners and persons representing about 90 per cent of the property in the immediate territory. He stated that the property owners had proposed to buy the property from the Catholics, and that there need be no loss in securing a new location for the convent and its auxiliary industries, and that while protesting against the location of the industrial district at that point, the protesters would not object to a continuation of the laundry under existing conditions until there was a reason able time to secure a new location.

## City Hall Briefs.

The Public Service Commission yesterday was granted permission by the

City Council to enter into a contract with the city of Tropic to furnish the latter electric energy as soon as the aqueduct power project is in operation.

The City Council yesterday authorized the purchase of two automobiles for the police department and one for the Health Commissioner. The purchase of six motorcycles for the police department was deferred in order to make changes in the specifications once a report of success on the part of the city's electric power project is received.

The Board of Public Utilities has placed a member of its staff in the public library for the purpose of compiling data on natural gas, for use of the board when this commodity is piped to Los Angeles and the control of rates will have to be considered by this board.

Resolutions from the Good Government organization were read in the City Council yesterday, declaring that it is the sense of that organization that the city of Los Angeles should proceed at once to build a double-track, three-rail car track on San Pedro street, from Aliso to Sixth streets, for the purpose of relieving the congestion of all street car traffic.

The secretary of the Harbor Commission, who was elected by the Board of Directors of the port of Boston, a letter stating that the directors are at work with considerable vigor to secure a proposition to establish a fast freight line between Boston and Los Angeles by way of the Panama Canal.

Mrs. D. C. McCann, representing the Woman's City Club, and Dr. Amelia Gates, representing the Friday Morning Club, were present at the City Council sessions yesterday as representatives of the women's clubs, which propose hereafter to have some members present at each Council session, in order to keep closely in touch with city legislation and the attitude of the Councilmen on various public questions.

## At the Courthouse.

## M'KINNEY IS FOUND INNOCENT

## POETRY AND CIGARS PORTION OF THE JURY.

Man Charged With Manslaughter Acquitted After Bitter Fight and Foreman of Jury Reads Poem to Court—Box of Havana as Token of Esteem.

With the acquittal yesterday of John G. McKinney, general manager of the Los Angeles Ice and Cold Storage Company, on the charge of manslaughter, a remarkable trial closed in Judge Cabanis's court.

The jury was out twelve minutes—sufficient time to take one ballot. When the result was announced, McKinney's eyes flooded with tears. Lee Hawkins, his chauffeur, similarly indicted and to appear before Judge Cabanis, the defendant, had his date of his trial set, nervously drummed on the arms of his chair with his fingers. The friends of McKinney who crowded the courtroom were instantly checked by the court, who declared he would have no exhibition of feeling.

Richard J. Smith, attorney for McKinney, declared he would have no exhibition of feeling. He declared he would have no exhibition of feeling.

Then the wrath of the court fell on Mrs. Trotter's head. The baby was remanded to the custody of Mrs. Trotter.

There is a difference of 15 cents between the old and the new rates. Under the old ordinance the company charged 15 cents for connections. This was cut down under the new ordinance to 60 cents. A charge of 10 cents is made for each 100 cubic

## RATE HELD UP.

## EAGLE ROCK'S WATER FIGHT.

The City of Eagle Rock is restrained from enforcing the water-rate ordinance against the Eagle Rock Water Company pending the termination of the suit. A temporary injunction was issued yesterday by Judge Conroy after argument by Attorney Haas for the company and Attorney Shaw for the city. Haas held that the city included the bonus paid by tract owners in the net receipts and argued that this bonus did not come out of the consumer's pockets and should not be charged against the company in fixing the rate.

There is a difference of 15 cents between the old and the new rates. Under the old ordinance the company charged 15 cents for connections. This was cut down under the new ordinance to 60 cents. A charge of 10 cents is made for each 100 cubic

## CITY'S LAND VALUES.

## EXPERTS FIGURE ON LOTS.

The values on the land at San Pedro, the city is seeking to condemn for warehouse purposes fixed by Marshall Simson, called as the city's expert in Judge Bordwell's court yesterday, differed materially from the prices named by the witnesses for the lot owners. The latter's values ranged from \$5.50 to \$5 a square foot. Simson said lot 14, block 22 is worth \$2 a square foot. The rest of the lots in the block were substantially valued at \$1.50 a square foot. The front lot in block 22 is worth \$1.50 and those back \$1.25 a square foot. The lots, according to Simson, are more available for warehouse purposes than anything else. They are suitable, however, for all kinds of business usually found on the water front. He said the best industrial property in Los Angeles is worth \$1.25 a square foot for warehouse purposes. When used for storage purposes, the value is \$3. The market value of the San Pedro lots in 1912, he testified, reckoning the future possibilities, was \$1.50 a square foot.

## COURT FINES WOMAN.

The incident arose in the case of Baby Daley, the infant of Cyril Daley, an actor, from whom it was taken by the Humane Society because it was alleged, the child was neglected. The society placed the infant with Mrs. Mary J. Robbins, No. 312 North Avenue 12. Mrs. Robbins finally refused to take the child, and the child was taken into the juvenile court to dispose of. The case was continued until the parents could be reached. They were on a circuit. Mrs. Trotter, the mother, was present yesterday. She testified that she had been sending money to the support of her child, but that the former had not done so.

"That's not true," declared Mrs. Trotter.

She was admonished by the court, but not heeding the warning, continued: "It is not so; he is not telling the truth."

Then the wrath of the court fell on Mrs. Trotter's head. The baby was remanded to the custody of Mrs. Robbins.

## COURT FINES WOMAN.

## HURRY CALL FOR HUSBAND.

Even when couched in diplomatic language, giving the lie to a witness in a courtroom is not tolerated though the language is from the lips of a woman. Mrs. George W. Trotter, whose husband is superintendent of the Union Rescue Mission, was on the verge of hysterics yesterday when Judge Wiley fined her for contempt of court. She was in the custody of

## CITY'S LAND VALUES.

## EXPERTS FIGURE ON LOTS.

The values on the land at San Pedro, the city is seeking to condemn for warehouse purposes fixed by Marshall Simson, called as the city's expert in Judge Bordwell's court yesterday, differed materially from the prices named by the witnesses for the lot owners. The latter's values ranged from \$5.50 to \$5 a square foot. Simson said lot 14, block 22 is worth \$2 a square foot. The rest of the lots in the block were substantially valued at \$1.50 a square foot. The front lot in block 22 is worth \$1.50 and those back \$1.25 a square foot. The lots, according to Simson, are more available for warehouse purposes than anything else. They are suitable, however, for all kinds of business usually found on the water front. He said the best industrial property in Los Angeles is worth \$1.25 a square foot for warehouse purposes. When used for storage purposes, the value is \$3. The market value of the San Pedro lots in 1912, he testified, reckoning the future possibilities, was \$1.50 a square foot.

## OIL INDUSTRY. LARGE FLOW IS EXPECTED.

## American Strikes in Section Thirty-two.

Has Had Spasmodic Cuts in Drilling.

Developments Never End in California Fields.

The Pan-American Oil Company has had a rather remarkable

The well has been successfully perforated and has had oil showings. It is in a territory in the so-called section 32, and is only about 100 to 200 barrels a day, which is a good showing. The gravity of the product is about 28° API. The Pan-American well is about 100 feet deep.

The American acquired this well about thirty days ago, and was then drilled almost to depth. Originally the well was to have been owned by the British-American Oil Syndicate. That company, however, was unable to obtain the necessary permits from the Maricopa County Commission. The British-American Company then sold the well to the Pan-American Oil Company. The latter drilled the well to its present depth of about 100 feet, and is now producing about 100 barrels a day. The well is in a territory in the so-called section 32, and is only about 100 to 200 barrels a day, which is a good showing. The gravity of the product is about 28° API. The Pan-American well is about 100 feet deep.

### THE PUBLIC SERVICE.

(Continued from Second Page.)

#### ADOPTS NEW RULE.

SHERIFF MAKES CERTAIN.

As the outgrowth of the release on bonds of A. E. Rowan from the County Jail on the order of Justice Braxton of Long Beach, after Rowan had pleaded guilty and before sentence had been pronounced, a new rule has been put in force by Sheriff Hamill. Hereafter no prisoner will be admitted to bail who is under the jurisdiction of the Superior Court, without an order from the Superior Court.

It appeared that there was no record on the Sheriff's books of prisoners who had pleaded guilty. Now a slip of paper like a small commitment is prepared, recording a plea of guilty and date of sentence. This record goes into the jail with the prisoner, and the slip is placed in his file. This shows at a glance that the prisoner is under the jurisdiction of the Superior Court and will prevent in the future his release on an order from a Justice.

#### WANTS STOCK BACK.

DEALS TOO ONE-SIDED.

Clay C. Walton and Clem Walton filed suit against R. L. Cox and the Guaranty Oil Company yesterday seeking to have a contract rescinded for the purchase of 1909 shares of the capital stock of the Guaranty Oil Company and the restoration of 750 shares of the Midway Premier Oil Company traded in with cash, on the ground that the representations made to buy the stock were false.

#### HEIRS ARE OPPOSED.

WANT SALE HELD UP.

Attorney Milton K. Young, administrator of the estate of Mrs. Magie B. Rose, was granted leave yesterday by Judge Conrey to mortgage the property at Fair Oaks and Union avenues, Pasadena, for the purpose of paying off certain indebtedness. In order to determine the value of the land, experts were called yesterday on the application of Young for the confirmation of the sale of the property to Martin Silver for \$50,000. The matter was continued.

#### BIG LAND OWNERS.

QUALIFY AS BONDMEN.

Two oil operators, extensive land owners in Kern county, were examined in Judge Willis's court yesterday as to their qualifications to go on a bond of \$17,500 covering an appeal to the Supreme Court. J. M. Hollister, a big man physically and financially, said he owns 5000 acres and declared there is no land for sale in that section. What he and other operators do not own is in the possession of the Standard Oil Company, he said. E. J. Miley is the

other big man. He owns 450 acres. Both men qualified.

The case involving the recovery of stock from Timothy Spelacy and resulted in a judgment in favor of C. S. Young. E. L. Foster brought suit against Young to recover 20 per cent of the judgment, the fee agreed on for prosecuting the suit.

#### WIFE OUT OFF.

SEQUEL TO ELOPEMENT.

The sequel of the elopement of Mrs. Florence M. Willing of Glendale with Edgar Jacques, a young national guardsman, on February 20, last, was told yesterday in Judge Willis's court when the husband, Oswald Willing, asked the court to declare their home, valued at \$1800, community property. The decree was granted, and the property thus becomes Willing's by the desertion of the wife.

In order to prove desertion, Willing produced a note written by his wife on the day she left her home to join Jacques. He said he found the note on the kitchen table. It merely stated she was going to leave him, as she loved another man.

#### COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

**SPEAKS HER MIND.** The hearing of the petition of Robert E. Thorne for the appointment of a guardian for his parents, Hiram T. and Emma A. Thorne, brought an array of witnesses to Judge Willis's court yesterday to testify as to their competency. Mrs. Thorne was represented by an attorney and emphatically asserted that instead of a guardian being appointed for herself, she should be the guardian of her husband. She is 57 and Thorne 48. The property is valued at \$2400 and includes the home, No. 1322 Newton street. The son alleges that his mother will dispose of the property if not restrained and has already lent money to unreliable persons, without taking security. Owing to a rush of business, Judge Willis continued the case until September 5.

#### HOLDS BABY'S FATE.

The juvenile court holds the fate of 4-year-old Maude Scott. The mother, Mrs. Georgia Scott, was deserted and while searching for work to support herself, placed the child in a home. Several months later Georgia was turned over to the Humane Society and taken into court. Mrs. Scott made a plea for the custody of her baby yesterday. She stated that if she cannot find work in this city she will go to her home in Texas and care for her there. Judge Willis continued the case.

#### INCORPORATIONS.

The Berg Company, incorporators, Bennie Berg, Hattie Berg, Milton A. Herbi; capital stock, \$1000; subscribed, \$300. Garben's Bakery, incorporators, Charles Garben, C. P. Garben, W. C. Elderton, Charles W. Finney; capital stock, \$5000; subscribed, \$400. California Rubber Company, incorporators, W. D. Walsh, C. C. Broth, William C. Barlett; capital stock, \$5000; subscribed, \$2. Los Angeles Home Builders' Syndicate, incorporators, George W. Henderson, Julius Fries, J. S. Murphy, W. S. Polonbet, L. H. Kelley, George H. Hoyt, W. W. Gillett; capital stock, \$2,000,000; subscribed, \$90.

#### IN THE INFERIOR COURTS.

**Liquor Blamed for Fracas on Street.** That Leads to Fining of Two Men. A Threat.

A quantity of liquor, three men, one high spirited horse, one wagon, one motorcycle and two patrolmen are responsible for a two-act drama which had its finale in Police Judge Rose's court yesterday. The liquor, motorcycle, horse and

wagon were not in court. They played their parts in the first act, at Third and Main streets, late Monday afternoon when Joseph A. Simons was arrested by Patrolmen Gerrard and Box for driving while intoxicated. He ran over and damaged a motorcycle belonging to Stanley Hess.

Hutchins was fined \$10 or ten days and Simons \$5 or five days. Hess is left to foot the repair bill on his machine.

#### No Witnesses; Escapes Fines.

Because J. J. Carpenter, No. 1217 1/2 North Main street, was unable to find any witnesses, Fred Hansen and M. Uria escaped prosecution in the Police Court yesterday when they were arraigned before Judge Rose on a complaint charging them with fighting with Carpenter, and chewing off a portion of his left ear.

#### Shoplifter Is Sentenced.

Miss Ida Thrasher, recently of Virde, Ill., who lives with her sister, Mrs. Ella Rogers, No. 1567 North Main street, Pasadena, and who was arrested Monday afternoon by Detective Nick Harris while shoplifting in the Fifth-street department store, was yesterday sentenced to pay a fine of \$45 or spend sixty days in the city jail. A bushel basket of loot, which the woman confessed to having stolen upon several visits to this store, was presented as evidence. Her excuse for stealing was that she could not get work as a cigarmaker, and was humiliated at being supported by her sister. The latter's husband, a member of the Pasadena fire department, paid Miss Thrasher's fine.

#### Motorman Is Fined.

W. F. Brennan, motorman on Heliotrope Drive car No. 33, who hit E. H. Barnore, Jr., No. 938 Union Oil building, a passenger on his car, with his controller handle, was fined \$1 or one day by Police Judge Rose yesterday after being convicted of battery. Barnore was to the complaint and testified that there were no empty seats on the car, and the crowd forced him to stand close to the motorman. The latter remonstrated, and it was alleged, swore at him. Others testified there were vacant seats on the car, and that Barnore provoked the trouble.

#### Speeders Are Fined.

Eight violators of the muffler ordinance, and four chauffeurs who exceeded the speed limit on Wilshire boulevard, were arraigned before Police Judge Rose yesterday by the motorcycle officers, and upon conviction, were fined. The noise producers paid \$25 each and the others \$25, with the exception of H. L. Fury. His sentence was suspended because he was heavily fined Monday in the township court. He was caught driving too fast to and from the beach. The muffler violators are W. S. Jones, F. C. Brackett, Frank Lopez, H. Chanard, S. C. Clark, E. M. Burnham, C. Flattery and R. McBride. The speeders are H. L. Fury, Thomas R. Lee, G. C. Spear and T. E. Workman.

#### PROSECUTED SUIT.

Smilingly admitting that single harness no longer satisfied him, Deputy District Attorney William C. Donan yesterday applied for the marriage license counter for the document necessary to permit him to wed Miss Juanita Morrison of Los Angeles. Donan lives at Long Beach and to show his versatility, wrote out his own license while Clark Sparks was drawing up the affidavit for him to sign. Donan refused to sign when the wedding will take place.

### FRUITLESS LAWSUIT.

**Motors in Collision—Damages Demanded—Both Drivers at Fault. All's Well That Ends Well.**

It took nearly a whole day in Justice Young's court for A. J. Lamme, manager of the West Coast Motor Car Company, and M. Caudal to find out yesterday that both had been at fault when their automobile collided on Grand avenue recently, and that neither could collect damages from the other. The hearing was agitated by diagrams on a blackboard. Caudal's son was driving an electric, according to the evidence, and was turning on the wrong side of the street. Lamme came along in a gasoline car, crashed into the electric, and brought suit for \$293 damages, maintaining that he had not been given enough room to get by.

### FOR OUR CITRUS TREES.

A big ex-whaler, the British Columbia, 150-ton freighter of the Coast Steamship Company's line, will arrive at San Pedro on the 29th inst., with a cargo of whale fertilizer for citrus fruit growers in this section, according to a telegram received yesterday by S. L. Kreider of the Independent Steamship Company. The freighter is commanded by Capt. Foelmer and sails from Victoria, B. C., from which point she will run on about a five-week schedule to San Pedro. The ship is the Canadian North-Pacific Fishers Company, Ltd.

## NORTH TO MEET SOUTH IN BIG AQUATIC EVENTS.

BY OWEN R. BIRD.

A MATEUR sporting circles of Southern California will take a bath this week. Friday evening the L.A.A.C. tank will be the scene of a hard-fought meet and Sunday afternoon the big open-water races will be held in the heaving bosom of the Pacific. The fair members of the Ocean Park pier, thence to a buoy, anchored off Sunset avenue, and return, covering something more than 1000 yards. The fair members of the local aquatic squad will also take a whirl at the breakers, though the course in the case of the mermaids will be only 300 yards in length. This, however, is the longest women's race ever attempted in the south and the water fans are greatly interested in the outcome.

It is no easy matter to make fast time in the rough water when wind, tide and rollers are bucking every stroke, but the fair ones say that if the boys can struggle over the distance set for them, they will enter over the 300 yards without taking a long breath.

There is more truth than fiction in this statement, as will be readily

### PRIDE OF OCEAN PARK

Miss Gertrude Johnson, the pride of Ocean Park, will meet Miss Mings in the race and the class are about evenly divided as to the outcome. Miss Johnson is about a peer in the diving end of the water game on the Coast, and in the past has won all the contests of this nature "hands down." She has a beautiful figure and knows how to use it when diving. In the swimming she is something of a dark horse over this long course. However, she has been swim-

(Continued on Fourth Page)

Dolly Mings

HAM'S HAMMER

With we poor farmers getting but fifty cents a sack for potatoes and cabbages casting us that much an hour to carry our clubs around, it is not likely that any of "us hicks" will make anyone sore with the records we make this year.

If the Supervisors would pass some kind of a law that could make fool city hunters tell the difference between a cow and a deer, there might not be so much milk in this town that turns pink every time you heat it.

The effort in some of the eastern schools to popularize cricket has no chance to get by. Just as well try to make fried tripe a national dish.

Even if they do put prize fighting on the blink, we still have football. It's just as easy to jump on a fellow with your knees in a game as to hit him on the nose in a ring. Let better in fact, if you want to lay him up or down.

The way some of these fellows sell lots in this country makes me think that if I were Tom Bundy, I'd rather be here getting three times the cost than to be back in Newport awaiting myself to death trying to win a \$12 medal, or the smiles of some of the Newporters. It must be pretty tough to live back in that town, where, I understand, they think human souls are things to pave streets with.

Hen Berry's statement that his team will win the pennant, would sound a lot better if all the other managers in the league had not said the very same thing about their own teams. This proposition of kidding yourself is just good for that.

If Jack Johnson keeps on kicking about having to accept but \$15,000 for his end to fight Langford, I hereby announce myself as willing to be satisfied with that sum to fight Sam. It's not much to have your head knocked off for at that, but if I could get the money before I went into the ring, I'd guarantee he never would hit me. I'd fall down before he had a chance.

GREY OLIVER.

## BAKER SKINS HAP'S TIGERS.

Hitt Not Strong Enough for  
the Seal Flingers.

Three Swats in the Eighth  
Decide the Game.

Sensational Fielding and Fine  
Plays Excite Fans.

(By Federal (Wireless) Line to The Times)

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 20.—(Special Dispatch.) In a spectacular game in which sensational fielding stunts and exciting plays were crammed into the nine innings, the Seals hustled Happy Hogan's Tigers off their feet in the opening contest today. The league leaders fought desperately to stem the tide of defeat and they threatened to pull the game out of the fire in the ninth, but Jesse Baker's superior twirling, backed by snappy fielding, brought gloom into the Hogan camp. The finish was 2 to 1.

Even with the assistance of Umpire Snell, who gave the Tigers a grand chance in the ninth by calling Litschi safe at second on a forced play, the Seals were unable to take advantage of the situation. It looked a palpable mistake on the part of the umpire but fortunately his decision had no effect on the result. The Seals' work was a continuation of their excellent work of last week and if they continue the pace Hogan might find himself slipping into second before the series has elapsed.

Baker never showed to better advantage since his advent into the Coast League than he did today. Not alone did he have everything that is required of a successful pitcher, but he showed that he had a knob and he used his knob and plainly convinced the gathering that he had something in it. Jesse held secret conferences with his team-mates. He planned and connived and by doing so managed to extract himself from

## JEFF FELL OVER THE CLIFF BUT GOT DEER.

BY DE WITT C. VAN COURT.

JIM JEFFRIES has returned from Little Rock Creek near Soledad, where he had been hunting for several days. Jeff got his buck all right but he had quite an experience in doing so. He had a fight, a tumble and a sprained ankle before he landed the deer.

Jeff and several friends were beating the brush for game when suddenly he spied a fine buck. Just as he got a good sight on him, off went another rifle and the buck went up in the air several feet. But before he struck the ground, Jeff put a shot through his neck and he fell down and out for the count.

Jim hurried down to where the buck lay and was just about to dress him when up came a husky hunter all excitement and claimed the deer.

"I shot that buck," said the stranger, "and he is mine."

"You did like hell," said Jeff, "you shot at him and missed him and I got him and he is mine."

This nettled the other fellow who still insisted that the buck belonged to him.

"Well," said Jim, "To prove that I shot him I will show you my bullet hole in his neck. I have a 25-35 rifle and you used black powder gun and just grazed his stomach. My shot went through his neck and there is the hole."

This angered the stranger and he came at Jeff in a threatening manner, not knowing who Jeff was. Jeff was standing on a bluff and as he did not intend to take any chances, took a good swing at the man but missed.

As he missed the stranger ducked his head into Jim's stomach and butted Jim over the back. Jeff to save himself, grabbed the buck by the leg and held on for dear life. Down the cliff went Jim and the buck good and fast. The stranger thought he had killed Jim and after taking one look over the bank after Jim, he beat it through the brush and is probably running yet.

When Jeff landed at the bottom he was all bunged up but had the deer.

Jeff fell over the cliff but got the deer.

Gertrude Johnson

### GLINTS AT THE TRAINING CAMPS

Gossip Items Concerning Mandot, Rivers and the Other Boxers—McCarey's Daily Gist.

Wednesday morning has been set as the time for Joe Rivers to begin the hard work of training for the Mandot fight.

Joe Levy says he will send Rivers into the ring weighing close to 130 pounds. Also he says that Joe will work harder during training this time. He started training so early for the Wolcott fight that he had to take it very easy to keep from going stale.

The Rivers-Mandot affair will be between two fighters who both stand up as they fight. Neither boy has ever fought in a crouch. This should make it a pretty contest.

For the first time since he has been a fighter, Mandot wants to lay a bet on himself. He has asked his manager to place \$500 for him on the Rivers fight. Tom McCarrey thinks it is a bad plan for fighters to bet on themselves and will try to discourage the little Frenchman.

Tim McGrath has not replied, as yet, to Uncle Tom McCarrey's offer to put on Eddie Campi and Battling Chio as a preliminary to the Rivers-Mandot fight.

Jack Doyle has made several important additions to his fight camp. The latest is a press box for the newspaper men—a necessity owing to the crowds who gather at the training camp.

The following card will be put on at the Venice Athletic Club Friday night: Frankie Sullivan versus Johnny Shiff, Johnny Monroe versus Eddie Carey, Danny Lyons versus Joe Murphy, Al Bertell versus Maurice Dunlap, Herbert Lawrence versus Eddie Routhie, and Jim Ferry versus Joe Walker.

### SEVERAL TICKLISH SITUATIONS. IT WAS AT THE TIME OF DANGER THAT BAKER SHOWED HIS METTLE.

Hogan tried to match his wits against Baker's, but he was clearly outgeneraled. Hap tried his best to outgeneral Baker, but he was clearly outgeneraled. Hap tried his best to outgeneral Baker, but he was clearly outgeneraled.

The mound men were the whole show for the major part of the game, as they had the players under a hypnotic spell. However the Seals managed to get the best of the situation in one inning and in the frame they banged him for three singles, which netted a run. Both pitchers allowed six runs but Baker stretched his over as many innings while three were bagged in one.

Both teams scored in the second inning and the contest remained a deadlock until the eighth, when the locals opened up a fire on Hitt and belted home the winning run.

Oaks and Angels Today.

### "OAKS WILL BE TAPIOCA PUDDING FOR US"—BERRY.

Hen Says He Has Three New Pitchers for the Angels and Will Insist on Playing Every One of Those Nine Postponed Games While the Twirlers Are All Fresh—Picks Boston Red Sox.

BY HARRY A. WILLIAMS.

HENRY BERRY actually believes that he is going to win the Coast League pennant. Stimulated into conversation by San Francisco's defeat of Vernon yesterday, which put the Seals but a game and a half behind the Tigers, Berry admitted this much last night.

Inwardly, Mr. Berry is excited, but outwardly he is all to the sangroid. To convert a hopeless tallender into a pennant possibility in the short space of one year is a noteworthy achievement, and Berry is making the most of it. A year ago Berry was sneaking down the side streets and alleys in order to avoid his friends. Today he promenades down the Rialto with much eclat and hauteur. He hardly deigns to speak to those persons from whom he was seeking sympathy on August 21, 1911. He realizes that baseball fame, like the general run of fame, is transient, and cannot be blamed for banking in the caldron while the baking is good.

"I repeat that there is nothing to it but the Seals," bubbled Berry, thrusting his thumbs into the arm holes of his vest and proceeding to the atmosphere of a vile cigar. "Today we are nearer the pennant than ever before—that is, within

at Washington Park.

recent years. The other clubs are pale under the gills. If the Tigers lose this series, and they have made a fine start in that direction, they cannot hope to finish better than third. Oakland will be like tapioca pudding and seedless raisins for us. The end of the present series will see us in first place, and once we gain that position we will hang onto it with a toothpick.

"I'm going to play the other clubs off their feet when it comes to the postponed games. We have nine of these, counting yesterday's postponement. That is where my new pitching talent will prove useful. Pitcher Vernon, the former Cub, is now here; Marks, the Bloomington wonder, is speeding West, and Peritt, the PT Worth demon, will start for Los Angeles today. What am I going to do with 'em? Why, I'm going to give them a chance to earn their salaries right from the start. That's where we will have the edge on the other clubs. I'm going to insist on playing every one of those nine postponed games. The new men will freshen up the pitching staff, and there will be no stopping us in the home stretch."

Berry expects to see the first part of his prediction come true today, when the Seals and Oaks will meet at Washington Park.

CUBS CUT GIANTS' LEAD WITH DOUBLE-HEADER.

Alexander, Moore and Ritter Try in vain to Stem Tide of Victory in Both Games—Reds and Beans Eaters Turn Tables in Loosely-played Duo—Pirates Get Unexpected Bump from Brooklyn.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

CHICAGO BUREAU OF THE TIMES, Aug. 20.—[Special Dispatch.] Chicago climbed half a game nearer the Giants by taking both ends of a double-header from the Phillies this afternoon. Alexander was hard hit in the first game, and bunched to allow a pinch hitter to substitute for him. Lavender was able to check the Philadelphia sluggers at all times.

In the second, Moore and Ritter were batted so hard that Reulbach was taken out of the box early in the game, and Smith allowed to finish. Philadelphia never had a chance.

**FEATURES FANCIES**  
**HOME**  
**GRAY**

**BEAUTY HINT:** It is "ticklish" to use applications upon the face when it is deemed necessary, it is well to consult a beautician. There are a number of preparations which it is well to use, especially compounded and are harmless; but the beautician, especially, great care should be exercised in applying them, without any advice. For brows, it does not so much matter, but shaped brows certainly add to facial beauty.

**New Sweaters.**  
One of the models in the new fall sweaters is made upon the lines of the middie blouse. This will be hailed by the tennis girl. A touch of contrasting color in the facings adds a pretty note.

**Fall Fabrics.**  
Paris has decreed that broadcloth, for some time in eclipse, in all this season return to its own. The popularity of this beautiful suiting will be shared to be sure with the rougher textured materials, but the French chiffon broadcloth will be among the most beautiful materials used in street suits.

**Fashion's Whispers.**  
A new collar shape is that which extends well out to the shoulder, and is fastened at the neck. An embroidered net collar, shaped in this fashion, is edged with Irish lace and has Irish maidens inserted on each shoulder. A very chic and becoming toque is made of washed silk or gauze or lace, soft and symmetrical, yet carefully arranged in long folds around the head or in front with a feather. A feature of the new frocks is the use of satin with short ends hanging down the side of the back. These are made of mostly of the material or velvet ribbon, although a few were of Roman or oriental embroidery. The fall suit should be made of two materials—velvet and moire, velvet and plush, velvet and fur, velvet and satin, velvet and ottoman, velvet and tulle or velvet and leather in two colors. For evening, the hair is dressed flat and close to the head, and a large cigarette or beaded band with drooping ornaments is worn, or an arrangement of gauze that looks like a turban and trimmed with ostrich plumes.

**PERSONALS.**  
Leslie E. Burke, one of the authorities on real estate values in California and secretary of the San Francisco Real Estate Board, is spending a few days at the Alexander Hotel in company with R. S. Chew, a civil engineer of the northern city. C. H. Barker is in Kansas City, where he is passing a few days at the Alexandria, a guest of Manager Whitmore, having come here from Kansas City the former home of the local boniface. G. W. Whitaker, vice-president and manager of the John R. Taylor Co., is in the city. Judge J. B. Sargent of Salinas, one of the pioneer attorneys of the State at the Annapolis, and is accompanied by Mr. and Mrs. E. C. Hart of Sacramento. Roger W. Hay, an attorney of Virginia, Minn., is at the same hotel with his first visit to the Pacific Coast. Another professional man who is staying at the hotel is registered from St. Louis. J. H. McClure, Jr., Director in several St. Louis banks and one of the prominent citizens of that city, is passing a few days at the Van Nuys John N. Baker of the Baker-Hamilton Company of San Francisco is a guest at the Alexander Hotel. Mr. and Mrs. F. W. Elchore are registered from New York and are here on pleasure. The Elchore is a broker and his wife is considered one of the beautiful women of the great metropolitan city. O. De Tar, of Salt Lake, manufacturer of kitchen utensils and hardware, is a guest at the Lankershim. James N. Abel and wife arrived at the hotel yesterday from the East. Abel is manager of the Pathfinder Motor Car Company of this city. Lawrence G. Winters, of Merced, is passing a few days at the same hotel. "On the real estate business" is what they say of Dr. and Mrs. J. T. Vye of Ray, Ariz., who arrived at the Hayward yesterday. Dr. Vye is surgeon for the big mining company at Ray. Mr. and Mrs. M. Franklin are registered at the hotel from Kansas City. Franklin is a manufacturer of pillows. E. R. Wilcox, of the Marcus Ward Stationery Company of New York and Fred L. Seyler, a manufacturer of Chicago are also staying at the hotel. Mr. and Mrs. V. Trent are enjoying their honeymoon at the Westminster. They were married in Los Angeles, having come here from Salt Lake for that purpose. Mr. and Mrs. John J. Healy are registered at the hotel from Vancouver, where Healy is interested in mining property and lands. Dr. and Mrs. R. E. Skeel and their daughter are occupying a suite at the hotel. They are from Cleveland. G. S. Briggs, of the Murphy-Briggs Company of Needles is staying at the Hollenbeck. He is in the city with his daughter, who has been seriously ill and who was taken to the hospital. M. R. Riley, proprietor of the Hotel Nevada at Las Vegas is passing a few days at the Hollenbeck in company with Mrs. Riley. Among the athletes who are at the hotel are A. M. DeMuth, a manufacturer of plumbing supplies in Chicago, W. E. Kelly, Sheriff of Santa Clara county who is registered from Oxnard and Charles F. Adams, a San Francisco insurance adjuster. An automobile party arriving at the Angelus yesterday drove down from Stockton in two machines. W. Rhoads, a Stockton attorney, Mr. and Mrs. E. Rhoads, Mrs. Anna K. Rhoads of the same place and their guests Mrs. J. T. Robinson and Mrs. E. P. Rhoads, of Idaho, were members of the party. Mr. and Mrs. James Wiley of Indianapolis are staying at the same hotel. Wiley is a railroad official.

**ATHLETIC CLUB INCORPORATED.**  
**ARTICLES SIGNED WITH CAPITALIZATION OF ONE MILLION.**

**New Organization to Be Housed in Magnificent Twelve-story Home in Downtown District Housing All Women's Societies—Project Seems Assured.**

Articles of incorporation of the Los Angeles Woman's Athletic Club were signed yesterday and will be filed today. The club will be capitalized at \$1,000,000. The directors named in the articles of incorporation are Mrs. Erasmus Wilson, Mrs. Matthew S. Robertson, Mrs. E. W. Britt, Mrs. Julia Mackie, Mrs. J. C. Brown, Mrs. A. B. Barret, Hollywood; Mrs. Hampton L. Storey, Altadena; Mrs. Charles W. Bryson, Mrs. C. L. Hilgrees, Mrs. T. C. Marshall and Mrs. W. I. Hollingsworth.

Attorney W. H. Jameson, who is in charge of the project in its preliminary stages, said last night that the success of the enterprise will be assured. Applications for stock have been made so generally in the past day or two that the amount of money necessary to make a beginning will be available at once.

A meeting of the directors will be held next Thursday morning at 10 o'clock in the directors' room of the Globe Savings Bank for the purpose of completing the organization. Officers will be elected and a code of by-laws which will contain the plan of club operation will be adopted.

As soon as the organization is complete the stock will be offered for sale. It is proposed to divide the membership into four classes—life, resident, non-resident and junior. The life membership fee will be \$1000 and will be transferable subject to the approval of the board of directors. The resident membership fee will be \$100 and will not be transferable. The non-resident fee will probably be \$50. Young women between the ages of 18 and 31 will be eligible as junior members and the fee will be fixed at \$15 to \$25.

The general sentiment of the board is in favor of accepting the proposition of the Los Angeles Investment Company which is to build a twelve-story building on the 125-foot Hill street lot fronting Central Park. If this plan is followed the lot, building and equipment will represent an investment of about \$1,500,000, and an initial payment of \$100,000 will be required.

The building will be splendidly equipped and in addition to having the usual features of an athletic club will be arranged and furnished to take care of all the women's societies in the city. One of the most important innovations will be an immense dining room, which will occupy an entire floor and have a seating capacity of 1500. There will be reading rooms, rest rooms, two or more gymnasiums and halls and meeting rooms for clubs and societies.

The preliminary plans are adopted. The nomenclature will be one of the most elaborate on the coast. It will be about 500 feet long, will be lined with marble and lighted under way by electricity.

The project has been received so enthusiastically by leading club and society women of this city and vicinity that it is believed it can be carried through without delay. Judge Jameson says that there appears to be no question that it can be readily financed.

**RATE FOR CITY FREIGHT.**  
Auditor Holds Up Southern Pacific Bills Pending Decision on Disputed Charges.

City Auditor Myers yesterday stated that he had released Southern Pacific freight bills during the day to the amount of \$4450, and that he still withholds warrants for freight bills of this company amounting to more than \$39,000, awaiting a report from the City Attorney on the questions raised by Myers in regard to freight rates for transporting steel for the Los Angeles aqueduct.

Myers believes that the city is entitled to the lowest rate quoted for the hauling of this pipe, which was 45 cents per 100 pounds. This rate was made by the Santa Fe, and withdrawn three days after it was made. The Southern Pacific rate was \$1 per 100 pounds for unriveted steel pipe and 80 cents per 100 pounds for riveted pipe. The amount that would have been saved to the city had the Santa Fe rate been accepted amounts to \$39,227, and Auditor Myers intends to hold Southern Pacific freight bills to about this amount until the freight-rate question is settled.

The Board of Public Works took up the subject with the City Auditor yesterday, and was furnished by City copies of the data supplied by City Attorney. It is expected the City Auditor will give an opinion this week as to whether the city is entitled to the lowest rate quoted on moving the pipe, and if so, what procedure the City Auditor should take in his efforts to recover the difference between the two rates.

**COLLIDE IN CAR'S PATH.**  
Motorcycle and Automobile Come Together and More Serious Accident Is Averted by Motorman.

Quick action on the part of a motorman of a Griffin-avenue car averted a serious accident last evening near Pasadena avenue and Avenue 26 when an automobile and a motorcycle collided in the path of the car, which was moving rapidly. The motorman reversed his brakes and brought the car to a standstill within three feet of two wrecked machines.

At Nutter, No. 229 West Thirty-fifth street, the driver of the motorcycle, was shaken up severely but declared he was seriously injured. In the automobile was D. B. Chapman, No. 216 North Johnson street. He also escaped injury.

The automobile and the motorcycle were demolished. Both men said the accident was unavoidable.

**HEIR APPARENT?**  
James C. London was arrested yesterday at the Scarborough Apartments, No. 208 East Ninth street, by Deputy Constable Egan, and brought before Justice Forbes on a charge of obtaining merchandise under false pretenses, preferred by William W. Gardner, a merchant dealing in electric light fixtures, who alleges that London represented himself as partner of the late George Scarborough, owner of the Scarborough Apartments, and the Caldwell Taxicab Company and heir to an estate in Denmark.

**\$500.00 Piano Given Away.**  
The second prize in the Times Booklovers' contest is an \$500 piano with player attachment.

**COLYEAR'S**  
507-509-511 So. Main St.

**MORE TROUBLE FOR THE TEETH.**  
GERTRUDE ATHERTON TO GRILL BULL MOOSE HERE.

Novelist and Corner of Acid Epigrams About Third Terms and Things We Learn in This City With T. R. as Her Particular Meat. Mc's Scouting for Cover.

Gertrude Francis Atherton, Californian, citizen of the world and novelist, is coming to Los Angeles to lecture against Theodore Roosevelt. Mrs. Atherton last week raised a storm at a woman's club in San Francisco by declaring that the colonial war was a fraud. She said he was engaged in the novel exercise of shooting off his teeth at the public, with other pointed epigrams at him that have since been telegraphed all over the country.

Mrs. Atherton is an expert controversialist and decidedly unconventional in the things she says and the way she says them. As a novelist she made her debut in the San Francisco Argonaut with a story called the Randolphs of Redwood—since republished as "A Daughter of the Pine." It made even San Francisco, a city with sensation, sit up and take notice, for she laid bare some of the family skeletons of an easily recognizable family of great prominence, and it started a discussion that ripped society wide open. Since then Mrs. Atherton has fought with critics without number, including the one-time poetess of sensation, Ella Wheeler Wilcox, but the Californian has always succeeded in warding her opponents.

**WARD ON OLD PEOPLE.**  
Four Persons, Whose Combined Ages Exceed Two and a Half Centuries, Hurt in Accidents.

Four people, a woman and three men, whose combined ages total more than two and a half centuries, were among the patients treated at the Receiving Hospital yesterday. One was knocked down by a bicycle, another by a car, the third fell off a motorcycle, and the fourth was felled by a motorcycle.

Only in the case of Mrs. Minade Aubrey are the injuries sustained serious. She is 82 years old, and lives at No. 231 South Grand avenue. She was knocked down by a bicycle at Seventh and Broadway, as she was attempting to cross the street.

Mrs. Aubrey sustained serious internal injuries during the San Francisco earthquake. It is feared that the shaking up she suffered may result fatally.

J. O'Connell, 88 years old, a guest of the Windsor Hotel, was struck by a street car at Tenth and Broadway. He suffered body and head bruises and a concussion of the brain.

Sacramento Valencia, 78 years old.

**SOME NEWSPAPER "CONTESTS," AND THE BOOKLOVERS' GAME.**

You Can Enter This Game at Any Time Before It Closes With Every Chance of Winning.

If the Booklovers' Contest were a subscription-soliciting contest, those entering it now would find big hand-picked piles of books for them to overcome the vastness of the contest. The pictures appear one by one in this newspaper.

But the Booklovers' Contest has no idea of subscription-soliciting. It is a contest of a series of 77 pictures. Each represents the title of a book. The pictures appear one by one in this newspaper.

And old contestants—those who have been in the contest from the first—have done what? They have simply saved the 39 pictures that have appeared thus far.

YOU, entering the contest game right now, can get ALL THESE PICTURES THAT HAVE APPEARED. You can have them NOW, and you can get them all in a bunch!

What is more, you can get them all FREE!

Just get the back pictures, and you are where any contestant is. Don't put it off until tomorrow, get them today free. This is the way to do it. Get a contest catalogue. With each

## Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena.  
OGDEN MAN TO  
RECEIVE OFFER.Pasadena School Board Is  
Ready to Report.Heavy Fine Imposed for  
Leaving Fire in Hills.Major Now Advises City  
Automobile Department.

Office of The Times, 12 S. Fair Oaks Avenue.

PASADENA, Aug. 20.—J. N. Smith, a member of the committee that has been searching for a new principal for the Pasadena High School, to succeed Leroy D. Ely, admitted last night that a report will be made at a meeting of the Board of Education to be held this morning, and that the name of the man to be recommended is J. O. Cross, formerly principal of the Ogden City High School in Utah. Smith would say nothing as to what recommendations will be made regarding salary.

This practically means that Cross will be appointed, as the committee has conferred with the other members of the board throughout its work. In fact, Cross is already in Southern California, though, according to Smith, not yet in Pasadena.

The prospective incumbent has had experience in polytechnic high school work in Ogden, and is said to be a man well fitted for the place. He is under 40 years of age. His experience has all been in the West. He is a graduate of the University of Utah and did post-graduate work at the Carlton University at Northfield, Minn.

Cross will assume office at the beginning of the fall term of school, September 12.

The Board of Education is considering the question of establishing an examining board in the city, whose duties it shall be to pass upon qualifications of teachers and to recommend places in the schools. This examination will be in addition to the certificate which must be held in order for a teacher to take a position. Examining boards have already been established in several cities in the West.

IS FINED HEAVILY.

It cost William H. Bahr, of Alhambra, just \$125 to neglect to put out a camp fire in the Arroyo Seco. He was arrested yesterday by United States Forest Ranger Dunston and the fine was imposed by Justice of the Peace McDonald. Bahr paid over the money a few hours after the trial.

This is the heaviest fine that has been given any one here for leaving a camp fire unextinguished. The mountain law is very strict. It would probably be overwhelming if it were not for the fact that the fire was discovered by Frank Cunningham, the city warden, who reported it to Dunston, who wrote to the justice. The canyon is now filled with campers and hunters.

AUTO DEPARTMENT.

A new branch of the city government may soon come into being in the form of a municipal automobile department. The idea was broached in the Council yesterday by Mayor Tamm. He declared that with the taking over of the water works by the city, so many automobiles will be wanted—about twenty in all—that it is entirely proper that a special department be created for the maintenance and repair of them.

No definite action was taken in the matter. It is a question of discussion by the Mayor and members of the Council for some time.

The Council yesterday authorized the remodeling of the City Hall garage by which quarters are to be provided for the city water department. The work will begin at once.

MAKING PLANS.

So great an undertaking is the next tournament of horses to be that the Tournament Association has already begun to make plans for it. President E. T. Orr and Mrs. R. C. Barlow, the secretary of the organization, are at work on the arrangements, which already are requiring so much attention that the offices of the association in the Chamber of Commerce are being kept open.

Mrs. Bartow, who attended the Portland Rose Carnival last spring, returned home with many new ideas, and a number of striking novelties are promised for next New Year's Day, upon which occasion the largest crowd that will ever have been met together in the city is expected.

Ranches, acreage, homesteads. H. L. Hayman, La Canada. Hotel Maryland and Maryland Grill open all summer. Pictures framed at Wadsworth's. Hotel Vista del Arroyo, Pasadena.

MONROVIA NOTES.

MONROVIA, Aug. 20.—Mayor Dorland has inaugurated a campaign against flies and at last night's Council meeting explained his plan for ridding the city of the pest if possible. He recommends fly traps and the Council authorized the purchase of a horse and wagon to be used exclusively for garbage and refuse that this city may maintain its high standard of health and cleanliness.

The lighting contract with the Southern California Edison Company, which has been under consideration for many weeks, was finally approved and the Mayor and City Clerk have been instructed to sign the same after some minor changes have been made.

City Recorder Walter H. Nichols and City Attorney Dudley W. Robinson tendered their resignations at last night's Council meeting. Mr. Nichols finds it impossible to give his time to the office. Mr. Robinson, whose recent illness was caused by overwork and nervous strain, has been ordered by his physician to cut down the amount of work he is doing.

John J. Herman, Hotel del Coronado's new manager.

DETECTIVES ARE DETECTED.

Venice Policeman Captures Three

"Suspects" Who Prove to Be Officers Seeking Real Smugglers.

VENICE, Aug. 20.—William J. Bright, a deputy sheriff working out of the office of Samuel J. Brown, chief of the criminal investigation department of the District Attorney's office, William Ramsey, former Chief of Police of Venice, and Charles Nolan, were arrested by Officer Pirote of the Venice force this afternoon on suspicion of being opium smugglers.

They were allowed to depart when they had explained that they were cruising about on the Ethel H., a gasoline launch, "on business," and Bright had showed his official shield.

Capt. A. Hyder of the launch Nora noticed the launch Ethel H. standing off Venice yesterday. Last night, he says, Bright, Ramsey, Nolan and another man came ashore with a suitcase. This excited the curiosity of Hyder and Joe Pinotti, the fish market proprietor, and they telephoned the police, giving it as their opinion that the suitcases were handy to smuggle opium with. Pirote accosted the men when they came ashore at noon today, but they refused to state their business. Accordingly, they were taken to the Police Station, where, after a brief argument, they told him they were and that they were investigating certain official matters.

A will case which they carried when they came off the boat proved to contain old clothing, a camera, and cartridges. It was hinted by one of the men that he was considering an opium, and that they were after these malefactors.

MAY KILL PLAN.

Having been called upon to give an estimate of the probable cost of a municipal pier 1800 feet in length at the foot of Dorothy Avenue, the City Engineer made answer today that the structure would cost about \$160,000.

This figure is considerably in excess of the estimate of Trustee McCarver, the father of the municipal pier plan. The estimate made by the engineer may kill the municipal pier plan.

Don't miss seeing the Pacific fleet at Coronado this week.

STRUCK BY PASSENGER TRAIN.

Employee of Santa Fe at South Pasadena Has Leg Crushed So That Amputation Was Necessary.

SOUTH PASADENA, Aug. 20.—Donald F. Perrier of Pasadena Avenue, a student operator in the Santa Fe offices in this city, was struck by No. 10 last evening when it was pulling out of the city about 8:30 for Chicago.

His left leg was so badly crushed that it was amputated at the knee joint. Unless complications follow, it is thought he will recover. He was removed to the Santa Fe Hospital in Los Angeles.

With City Trustee Hawgood and Vatcher in San Francisco, only routine matters were taken up at the board meeting last evening. The request of the Pacific Electric for permission to lay its main line paving between the tracks on Mission street and Pasadena Avenue was denied, and the City Clerk was instructed to notify the company that the city will require asphalt paving according to specifications governing the balance of the street.

W. H. Lowry was appointed as night patrolman to date from August 1.

TO ATTEND OPENING.

The invitation of the Lincoln Park League to attend the celebration of the opening of the Arroyo Seco bridge, and to furnish one of the speakers for the exercises, was read and unapologetically accepted.

INVITATIONS OUT.

The Chamber of Commerce has sent out three hundred invitations for its open meeting Friday evening, August 23, at which a supper for 150 will be served in Ong's Hall. It will be accompanied by amusements provided by some of the entertainers in Southern California. More mystery for the "Mysterious Jinks" is in the air, for Ernest Shipman, manager of the Elgin Brass band, has agreed to do his share in bringing before the guests the evening's entertainment in an unusual way. The Misses Amy Davisport, Edith Palmer, Helia Gillman, Jewell Boone, Dorothy Foster, Ethel Drill and Anna Drill, find that the keenest interest is being aroused through the ability to keep a secret, and not divulge a single detail to the public.

The supper itself is to be quite out of the ordinary run of affairs, and there will also be a serious part to the programme, for after supper, some of the best speakers to be had, will discuss the matters of vital importance to South Pasadena.

It is planned to hold these jollification meetings once a month, now that the Chamber is so favorably situated in its splendid new quarters in the Ong building. The membership list is growing at a rate of two per day, and it is planned to multiply the increase the roll under the slogan "200 members by October 1."

See Pacific fleet at Coronado.

Switzerland's Political Colonies.

[New York Post:] Even Switzerland has military troubles. There have recently been heated debates between the Bundesrat and the Landtag on the question of changing the military organization of 1907, for the purpose of creating independent commands in the army corps—Independent, that is to say, of administrative positions. It seems that there have been favored officers in Switzerland who have been active in both civil and military life, drawing pay in both capacities, and as happens in other countries, there is a growing popular dislike of the colonel in politics. The old law, which made such a dual role possible, has been called variously democratic and undemocratic, and the Landtag as well as the Bundesrat in considering the advisability of a change, did not seem to be clear as to the limits of its constitutional functions. The chairman of the committee of the Landtag, Col. Scherrer, pleaded for the preservation of the rights of the "parliamentary" colonel, but the motion in the Bundesrat to limit henceforth division and corps commanders to strictly military duties finally prevailed.

\$500.00 Piano.

The second prize in The Times Booklovers' Contest is a beautiful piano, with a player attachment. This is a beautiful instrument and will be an ornament in any home. If you want to play the piano, the player attachment will furnish you all the latest and best music.

Hermosa Beach.  
POLYGAMY IS  
NOT FAVORED.LATTER DAY SAINTS TALK  
PLAINLY AT HERMOSA BEACH.

Reorganized Church Feted Company With Brigham Young Many Years Ago and Polygamous Teaching Was One of the Causes of the Separation—Officers Are Elected.

HERMOSA BEACH, Aug. 20.—That the Reorganized Church of the Latter Day Saints is a distinctly separate from the Mormon church or Latter Day Saints of Utah and does not countenance polygamy was made clear last evening at the annual banquet of the church held in the dining hall of the Convention Park, where the Reorganized church of the Southern California district is encamped.

Eben A. Davis of Kansas City and F. M. Sheehy of Boston, one of the twelve apostles of the church, dwelt on these points at length in their toasts.

More than 125 persons were seated at tables in the large hall, the members of the City Council of Hermosa Beach and representatives of the press being the guests of honor. After a sumptuous feast had been served a programme of toasts was given. R. T. Cooper of Los Angeles, the district secretary of Los Angeles district of the church, presided as toastmaster.

William Schade of Los Angeles, a priest of the church, gave an address of welcome and T. H. Hanneman of Hermosa Beach followed with a short speech. Hanneman was president of the City Council last year when the Latter Day Saints purchased the acreage of Convention Park and started the settlement of their church people here. He spoke of the improvements made and the friendly feeling the residents of Hermosa Beach held for the new community.

Eben A. Davis, a prominent missionary in the church, responded to the toast, "Who Are the Reorganized Church of Latter Day Saints?" Elder Davis gave a history of the church from the time it was organized under Joseph Smith. He told of the splitting of the church after the death of Joseph Smith when Brigham Young introduced lines of thought and customs new to the original church. He told of Young's pilgrimage with 10,000 of the Latter Day Saints into Utah and how he gradually introduced polygamy and other new doctrines not taught by the Book of Mormon. He bared out his statements that the Reorganized church is distinct from the Utah church, he cited the case in which the Reorganized church instituted suit for church property in Ohio and other places when Supreme Judge John F. Phillips of Kansas City, Mo., gave the decision to the so-called Reorganized church as having been the original church.

In evidence that the Reorganized church has never considered polygamy a part of the church teaching and has opposed it, he recalled the fact that when the Mormon church sent George Buchanan to Washington to make a plea against the Edmunds-Tucker bill directed against polygamy, and argued that the bill was unconstitutional, President Joseph Smith, Bishop E. L. Kelly and C. L. Gurley of the Reorganized church visited the President and used every effort to have the bill passed, stating it was constitutional and that they favored the bill.

F. M. Sheehy, one of the most prominent men of the church and one of the twelve apostles, talked interestingly on "Our Motives." He spoke of the high and pure motives of the church and of the war in which their people have always been impugned by some of the leaders of the Mormon church. He referred to the incident during the Smoot investigation when their people called upon the United States government to set them right with the French people who were persecuting them on account of the name of Mormon. He spoke of the fact that many men of the church have given up their entire lifetime to doing good with no other motive than spreading righteousness and holiness among their fellowmen but that they were frequently persecuted as Mormons. He closed with the hope that in twenty years from now the statements he had made regarding his people as law abiding and righteous citizens would be verified by their actions in this community.

Eben A. Smith, one of the two counselors to the president of the church, spoke on the "Church Institutions." He told of the children's home at Lamoni, Iowa, the three homes for the aged conducted by the church, the three publishing houses of the church, the independent (Mo.) Sanitarium, where anyone may be treated free under any school of medicine he desires. He described the order of Enos, a league composed of business men of the church to provide industries for the poor and assist them to be self-supporting.

Fred Adam, the bishop, agent for the Southern California district, responded to the toast, "The Finances of the Church," and described the manner of financing the church and its projects by each of the members giving one-tenth of his worldly goods and one-tenth of its increase to the church. He said there were no rich and no poor in the church and that he believed if their system were universally adopted it would settle the struggle between capital and labor.

The party adjourned to the tabernacle tent, where Paul M. Hansen, a missionary, gave a lecture on "A Trip to the Holy Land." Miss Lois Aldrich of San Bernardino sang "The Holy City," which was illustrated with colored slides.

The following officers of the Southern California district were elected yesterday by the convention: President, Nathaniel Carmichael of Gardena; Vice-president, A. E. Jones of San Bernardino; treasurer, Fredrick Adams; secretary, R. T. Cooper.

Something interesting at Coronado this week—Pacific fleet.

FOR DESERT SIGN POSTS.

The desert signpost bill will go before the next Congress, if Senator Works and Representative Stephens are successful in efforts they are making to accomplish that end. The Chamber of Commerce has received word from both that they are working for the measure.

There's Money in the Times Great Booklovers' Contest

Fun in it, too. Study the picture below. It represents clearly and plainly the title of a book, and it's up to you to name that title, if you can. 77 pictures will be published, one each day. To those most successful The Times award 148 valuable prizes. Read the rules of the contest. The second prize, an \$800 Player Piano. On this you can play all the operatic selections you wish, Mendelssohn, Grieg, Haydn, Wagner, or the old comic operas, Mikado, Erminie, Robin Hood. Ragtime in all its forms. All may be yours for just a little play.

Read the Contest Story and Start Today

Following is the great prize list for the winners in the Times Booklovers' Contest. 144 or more valuable prizes. Something for everybody.

PRIZE.	VALUE.

100 CONSOLATION PRIZES.  
Fifty 4-Lb. Boxes Rough House Chocolates.....\$100.00  
Fifty 2 1/2-Lb. Boxes Rough House Chocolates.....\$50.00

Rules That Will Govern The  
Times Booklovers' Contest

The contest is open to everybody. Only Times employees and members of their families are barred. Daily for 77 days will be published in The Times a picture representing the title of a book, one each day. Beneath this picture will be a coupon to fill in with the name of the book and the author, together with name and address of entrant.

Cut out the picture and coupon, filling in the book title and author's name, writing your name and address neatly and plainly in the place provided. No restrictions are placed on the manner in which answers to pictures are secured. Each picture represents the title of one book only. If you are not certain of your solution you may send in one to ten answers to the picture. NO MORE THAN TEN ANSWERS WILL BE ACCEPTED TO A PICTURE. Incorrect answers will not count against contestant if correct answer is also given. And put one answer to each picture and coupon. Extra coupons must be secured and used for extra answers. All answers to each picture must be kept together in complying your set.

Additional pictures and coupons may be obtained at The Times office, by mail or by person. Answers will not be accepted unless they are properly filled out on the coupons appearing beneath each picture. It is necessary that pictures be sent in with the answers in order that all answers may be uniform.

When you have all 77 answers, fasten them together and bring them or mail them in a neat flat package—not folded or rolled—to The Times office, addressed "BOOKLOVERS' CONTEST EDITOR." Prizes will be awarded contestant sending in the largest number of correct solutions. In the event of two or more persons having the same number of correct solutions, the person using the smallest number of extra coupons in the set of answers will be declared the winner. In event of two or more persons having the same number of correct solutions, and using the same number of coupons, an equal interest in the prizes tied for will be given to each of the tying contestants, or the persons involved in the tie may choose any one of the other lesser prizes.

More than one prize will not be awarded to any one family, but each member of the family may enter the contest and submit a complete set. Only one complete set (comprising not more than 10 answers to any one picture) of answers may be submitted by a contestant. Awards will be made strictly according to the merit of each separate list. The names of more than one person must not be written on any one coupon.

All answers will be considered on their merits. The first set filed will have no preference over the last set filed; provided only that answers must be filed within the time specified after the last picture has appeared.

The awards will be made by the Contest Editor and three well-known citizens whose names will be announced later. The correct answers to the series of pictures will be filed with a local trust company or bank a week previous to the close of the contest. Entry to the contest may be made at any time. All communications or letters of inquiry concerning the contest should be addressed to the Booklovers' Contest Editor, The Times.

STEEL TOWER  
OVERTURNED.Workman Seriously Hurt on  
El Paso Mountains.Telephone Bills Cause Worry  
Among County Officials.Los Angeles Firm Pays Premium  
on Bond Issue.

Office of The Times, 12 S. Fair Oaks Avenue.

BERNARDINO, Aug. 20.—The steel tower which was reported to have been blown over by a high power line of the Southern Power Company since the city and Bishop, in Inyo County, was reported today, Clifford, a fireman, being badly injured by the toppling of one of the towers.

The accident occurred in the El Paso Mountains, near the town of Bishop. The tower was a steel structure, and was blown over by a high power line of the Southern Power Company. The fireman, Clifford, was on top of the tower when it fell, and was badly injured by the toppling of one of the towers.

The accident occurred in the El Paso Mountains, near the town of Bishop. The tower was a steel structure, and was blown over by a high power line of the Southern Power Company. The fireman, Clifford, was on top of the tower when it fell, and was badly injured by the toppling of one of the towers.
